## TWO CONVICTS ESCAPE FROM CAMERON JAIL

Third Breaks Limb In High Leap

## COUPLE TRAILED

Officers Of Valley Are Notified

BROWNSVILLE—Valley officers Saturday night pressed their search for a pair of "kangaroo" convicts who leaped over charged wires and plummeted 25 feet to freedom from the Cameron county jail earlier in the day.

As they raced away, they left sprawling behind a companion who broke his leg in their first leap of 18 feet from the roof of the three-story jail to the second-floor offset, according to Sheriff J. A. Goolsby.

Charles Temple, 20, Arkansas, under a ten-year sentence for forgery, and Raul Garcia, 24, sentenced to 12 years for burglary, were the ones who escaped, and Juan Torres, 19, sentenced to three years for burglary, was the one left behind with a broken leg, according to Sheriff Goolsby.

## Pair Is Trailed

Bloodhounds trailed the fleeing pair to a dirt road north of Brownsville and stopped there, indicating, the sheriff said, that they had been picked up by an automobile there. Officers scoured the area and the sheriff covered the section by airplane, but no trace of the fugitives was found beyond the dead-end at the road, investigating officers said.

Garcia stood five feet, five inches tall, weighed 128 pounds, had brown eyes, black hair and was wearing dark trousers and a light shirt, the sheriff stated. He was bare-headed.

## Bars Were Broken

Temple is five feet, eight inches tall, weighs 145 pounds, has grey eyes, brown hair and was wearing dark trousers and a light shirt. He also was bare-headed. Both of the men were convicted at the present term of criminal district court here and had been in jail a relatively short time, the sheriff said.

The men made their break between 8 and 9:30 a.m., according to the sheriff's calculations. They broke off an iron bar in an old cell on the third floor and climbed above to a skylight. The fugitives used the bar to snap two padlocks holding the skylight closed, the sheriff said. Nine men in the enclosure had an opportunity to go out, it was stated, but only Garcia, Torres and Temple gambled on the long jumps.

## High Leaps Made

Gaining the roof, the trio leaped 18 feet to the second floor offset, and Torres broke his leg and was left sprawling behind. The remaining pair then leaped 15 feet further downward to reach the top of the jail laundry, part of which serves as the jail wall on the alley-side.

The men then were confronted with charged electric wires and alarms running along the jail wall. These wires, bent inward toward the jail enclosure stand about three feet from the wall.

## Weapons Seized

FBI Take 25 Machine Guns In Seattle

SEATTLE—(P)—Twenty-five machine guns, valued at \$6,000, were seized by Federal Bureau of Investigation agents and city police here Saturday.

The arms were taken secretly to the police headquarters basement garage and witnesses said one package of guns contained a New York city newspaper dated April 15, 1935.

Witnesses described the weapons as of French make, and said they believed they had been stored here for a considerable time.

The federal agents were said to have dropped out of the case immediately on ascertaining the guns apparently were not intended for export.

## WAR OPENS ON WHITE WING DOVE

3,000 Gunners Flock To Valley Fields

HARLINGEN—War was declared in the Lower Rio Grande Valley early Saturday morning. Not a war of mortal combat, but a war on the white wing dove as the scatter-guns boomed and banged over the entire Valley for the first time in almost a year. An estimated 3,000 gunners scoured the cane and Hegira brakes for small bits of white-tipped feather—Molopella Asiatica, the white wing dove.

As dusk approached this section, returning gun men had almost invariably reported bag limits, and an abundance of the birds. Valley Game Warden Charles Jones estimated there are more of the white-winged doves in the Valley's four counties this season than in the past four.

Willacy county appeared to be the favorite hunting ground for nimrods from the Lower Valley, and stocks of shells suffered enormous losses Friday and before mid-morning Saturday. Toward mid-day a light haze from frying fat hung over Harlingen, and toward the dinner hour the same savory scent permeated through Saturday night business scuffle.

MANY of the sportsmen were reported to have come from afar to take the field against the white wing, and planes dropping on to fields at Harlingen, Brownsville and other Valley runways, disgorge men with the strained look of those held from their desire by distance and time.

Several planes from Randolph and Kelly fields arrived at the Harlingen airport Friday afternoon and Saturday morning bringing a number of high-ranking army fliers. All had reported in at their respective hotels Saturday night with bag limits.

At Brownsville one plane from Barksdale field emptied seven sportsmen to augment the weekend shooters who since before dawn had taken up positions along brush sections against the grey whirling shapes. Another private plane from Houston brought three others to the Brownsville sector.

AMONG these sportsmen who took to the air in quest of the native game bird were Major Lester Maltland, pilot of the famed "Bird of Paradise" in the 1927 army flight from San Francisco to Honolulu; Col. J. C. McDonald, Barksdale field third attack group commander; Captain White, Medical Corps; Lieutenants H. B. Wright and W. F. Miller; Sergeant L. M. Snyder and Private H. W. Truesdale. Civilian fliers from Houston were Gene Meador, Frank Liddell and Paul Kayser.

Unfortunates who were forced to pursue their livelihood Saturday were set to take to the fields early Sunday, perhaps to get back with the limit in time for church, and maybe not. Molopella, however, expected no peace, at all events.

A large group of oil men from several states were reported to have flown to McAllen for the first day's hunting.

## Weather

OKLAHOMA: Fair, cooler in east and south portions Sunday; Monday fair and warmer.

EAST TEXAS: Partly cloudy in north, showers in south portion Sunday and probably Monday. Fresh east and southeast winds on the coast with occasional squalls.

WEST TEXAS: Partly cloudy Sunday and Monday, warmer in west and north portions Monday.

NEW MEXICO: Partly cloudy Sunday and Monday; warmer west and north portions Sunday and southeast portion Monday.

ARIZONA: Generally fair with little change in temperature Sunday and Monday.

## Small Craft Warning

Is Issued For Gulf

NEW ORLEANS—(P)—The United States Weather Bureau office here issued a small craft warning for the Texas coast, effective at daybreak.

The advisory, timed 9:30 a.m., said a squally condition about 200 to 250 miles off the Texas coast and moving westward would cause fresh east and northeast winds and thundersqualls late tonight and Sunday.

## HEAVY BATTLE IS UNDER WAY ON WEST LINE

France And Germany Open Attacks

## FIGHT DECISIVE

French Drive Ahead Toward Forts

BASEL, Switzerland—(P)—The German high command on the western front Sunday abruptly changed its tactics from static defense of its Siegfried Line and was reported to have launched a series of violent attacks on French positions in four main sectors.

PARIS—(P)—The European war's first real grand scale battle on the western front appeared Saturday night to be developing by the hour, with hundreds of thousands of French and German troops engaged.

German troops were reported retreating and methodically destroying small villages as they abandoned them.

French observers reported back to the general staff that the Germans, as they doggedly gave ground, blasted entire villages out of existence in an effort to slow the French drive through the no-man's-land toward the Siegfried Line.

Battle Is Decisive

The general staff announced the Germans were "constantly" throwing reinforcements into the battle, which was swinging into its decisive stage Saturday night after two weeks of preliminary skirmishing.

This "battle of the Saar" was being waged along a 40 mile front from the Moselle Valley southeastward to Saarbruecken.

Saturday night's official general staff communique acknowledged for the first time that French and German troops were in contact along the entire front.

Hamlets Are Cleared

Small crossroads hamlets have been cleared of all civilians for days, and many of them already had been pounded almost beyond recognition by shells from both French and German guns in a ceaseless give and take warfare.

Premier Edouard Daladier, the "little dictator of France," who is his own minister of national defense and foreign affairs, left Paris suddenly Saturday to make a surprise personal inspection of the Maginot fighting zone.

He left for the front in a military automobile on what, so far as is known, was his first inspection of the battlefield. The premier, who entered the last war as a private soldier and fought the entire four years, winning promotion after promotion and three citations for valor under fire, started for the front without previous announcement.

Accompanied By General

He was accompanied only by General J. P. O. De Camp, head of the military cabinet, and their military aides.

Advancing French units reported the German destruction of villages was being carried out so systematically that even cellars were being filled and the ground leveled.

In this area, typical old-world houses built centuries ago have cellars which extend two or three levels down into the ground and provide almost as good shelter for troops as afforded by modern blockhouses of reinforced concrete and steel.

Such close contact has been made on the front, it was reported, that the no-man's-land separating the front lines almost had disappeared. In some cases, lines were said to overlap with advance posts pushed forward between two similar enemy positions so that they overlooked each other.

## LAST RITES SET

SAN ANTONIO—(P)—Funeral services for Col. Joseph Andrew Robertson, 83, assistant secretary of state under President Wilson, will be held Sunday.

# Populace Is Warned Bombs Coming If Demand Refused

## GERMAN ARMY ORDERS CITY TO SURRENDER

Information Lacking At Headquarters

BERLIN (Sunday)—(P)—A German army ultimatum to Warsaw to surrender without resistance expired some time after 3 a.m. Sunday but there was no immediate report to Berlin as to what happened at the Polish capital.

Government officials here said they were without information. The ultimatum said Warsaw would be regarded as a war area if the German terms were not accepted, meaning that the city would be bombarded by artillery and the air force.

Leaflets Dropped

German fliers during the afternoon dropped leaflets warning the civilian population of the Polish capital to get out.

The German terms specified that the military command of Warsaw had 12 hours to give up, and then rather ambiguously stated that civilians would have 12 hours to escape in the event the Polish military stood pat.

The terms to the Warsaw civilian population were set forth in millions of leaflets distributed over the city by German planes late Saturday.

Resistance Useless

DNB said the German commander sent a message to the Polish commander in Warsaw saying resistance was useless and that the Germans were out of patience because of sniping.

It was reported here the Warsaw commander refused to receive the German messenger or to heed the threat that the city would be subjected to bombardment if capitulation was not forthcoming immediately.

The news agency said the German command was reluctant to endanger innocent civilians and that it had good reason to suspect that "irresponsible Polish leadership" had failed to inform the citizens of the urgency of the situation.

Time Limit Set

So it was decided, DNB said, to inform the Warsaw population by leaflets showered from planes.

The civilians were told they had 12 hours to get out on two roads which the German army indicated and agreed to protect.

The planes started dropping the leaflets at 3:10 p. m. therefore it was presumed a smashing German attack on the Polish capital might start soon after that hour Sunday morning.

The leaflets said the following demands had been made on the military commander of Warsaw:

1. All parts of Warsaw and all Polish troops within it must surrender in 12 hours.

Negotiator Refused

2. In case the order is complied with, the surrender must be reported to the nearest German military commander.

3. In the event this command is not obeyed, the civil population is given 12 hours to leave the city of the roads in the direction of Siedlce and Garwolin.

After 12 hours, the leaflets said, the entire city of Warsaw will be regarded as war area.

The final paragraph said the 12-hour notice began with their distribution.

German military headquarters said a negotiator was sent to the Polish lines Saturday with a request that he be taken to the commander of Warsaw's defenses.

A German officer found a Polish infantry commander who forwarded the German request to the city.

After a wait of an hour and a half, it was reported, the answer was received that the request was rejected.

## Protection Of Interests Is Said Cause Of Action

MOSCOW (Sunday)—(AP)—Soviet Russia has decided to send her army across the Polish frontier Sunday and to occupy the Polish Ukraine and White Russia.

According to DNB, the Soviet government presented the Polish Ambassador a note saying that Russia, in its own interest as well as the interest of White Russian and Ukrainian minorities in Poland, had been forced to issue orders for the army to cross the border into Poland.

The agency said Soviet forces would advance simultaneously on the entire frontier line from Polozk in the north to Kamanetz-Podolsk in the south.

The report said the advance of the Russian army into eastern Poland would take place under full observance of Russian neutrality in the present conflict.

As the Polish state must now be regarded as non-existent, the DNB report continued, the Soviet government arrived at the opinion that former treaties concluded with Poland are null and void.

It said the Russian note was submitted to all foreign missions accredited in Moscow.

## SECOND WEEK OF WAR

### SUNDAY

Germany launches counterattack on western front to halt invading French forces who, thus checked in northern end, shift attack to the south and report advances in Vosges foothills, Canada declares war on Germany, following Great Britain by exactly a week. Germans and Poles fight bitterly for possession of Warsaw, Polish capital, Germany reports capture of Lodz, Polish textile center 80 miles south of Warsaw.

### MONDAY

Stubborn Polish army halts German advance on Warsaw in battle raging from the capital's gates to a point 60 miles westward. Warsaw radio says many houses are aflame and women and children killed and wounded. German bombers active all day over Polish forces. Fuehrer Hitler flies to battle area in vicinity of Lodz. British troops land in France.

### TUESDAY

Polish defenders again turn back German attackers at Warsaw. Nine German divisions (approximately 100,000 men) are shifted from Warsaw battle to other fronts, Warsaw radio says. French report their advance units enter suburbs of Saarbruecken on western front. Germans announce Polish resistance blasted in Radom sector and Nazi troops advancing rapidly on Lwow (Lemberg), Ukrainian capital.

### WEDNESDAY

Germans announced Warsaw is encircled and Polish army is retreating eastward; that Nazi troops continue push toward Lwow and that Modlin, northern keystone to defense of Warsaw, is surrounded. French form new war cabinet, say several hundred thousand British troops arrive in France and that the Poles move about a mile further into Nazi territory. Germany publishes contraband law as "defense" against British "blockade." President Roosevelt calls congress into special session for September 21.

### THURSDAY

Germans reported plunging deeper into heart of Poland but giving ground to French troops on western front. Germans announce they have severed communications between Lublin and Lwow, southeast of Warsaw, and that Gdynia, Poland's only seaport, has fallen. Prime Minister Chamberlain tells House of Commons British would claim right to take "appropriate action" if Germany bombs civilians. Britain loses her 18th ship to German submarines or mines.

### FRIDAY

Britain announces she has destroyed "a number of U-boats." French report new gains on western front as Germans tell of further gains in Poland. Unofficial estimates in Moscow are that about 1,000,000 recruits are being called to the colors under regular annual draft. Unofficial talk of peace moves heard in Berlin.

### SATURDAY

Germany throws additional divisions against Kutno in effort to crush Polish "lost army," tightens ring of steel around Warsaw and presses towards Lwow. First grand scale battle on western front appears developing hourly with hundreds of thousands of French and Germans engaged. Britain presses convoys into service for merchant shipping; reports 21 British ships totaling 122,843 tons sunk in first two weeks of war.

## Squalus Salvagers Are Praised By FD

WASHINGTON—(P)—President Roosevelt formally commended Saturday the "devotion to duty, courage, skill, initiative and self-sacrifice" of 31 naval officers and men who salvaged the sunken submarine Squalus.

## Poland's Gold Said Shipped To England

BUCHAREST—(P)—Half of the Bank of Poland's gold was reportedly authorized Saturday to have been shipped by a British steamer from Constantza, chief Rumanian Black Sea port. It's destination is believed to be England.

## FIGHT TO LAST IS PLEDGED BY CAPITAL CITY

More Troops Arrive To Aid Defenders

BUDAPEST (Sunday)—(P)—Between 40,000 and 50,000 Polish troops under General Bartnowski have joined the defenders of the besieged Polish capital of Warsaw, it was stated in Polish circles here early Sunday.

General Bartnowski led three divisions to the relief of the capital despite a terrific all-day air and land bombardment by the surrounding German forces, it was said.

The news buoyed Polish hopes here that the capital might yet be saved.

'Hold To Last'

Upon being informed that the German army had given the Warsaw populace 12 hours in which to leave the city, under threat of "destroying" it, Poles here said that Warsaw would hold out "to the last man, woman and child."

Poles here pointed out the city already had been subjected to a ten-day bombardment and still was holding out.

The Germans have maintained they were bombing military objectives only. The ultimatum meant that the entire capital would be subject to attack if the order were not complied with.

Towns Bombed Heavily

Many Polish towns were bombed heavily Saturday, Polish advisers here said. These included Wlino, in northwest Poland.

It was said at the Polish legation that German losses so far have totaled at least 100,000 dead and wounded.

The army of General Kutrzebas at Kutno, 75 miles west of Warsaw, on Saturday repulsed 17 attacks which were aimed at uniting German forces trying to close in on Warsaw from the north and south, the legation announced.

The Poles, pleased at the stubborn resistance of the defenders of Warsaw and Kutno, hoped that "general rain" and his reinforcements of mud might yet come soon enough to check the heavily motorized invaders.

Attack Is Described

The all-day attack on Warsaw was described late Saturday night by a Polish government radio announcer who said the attack was the "beginning of an apparent German attempt to take Warsaw at all costs."

He said 200 heavy Nazi guns were pouring shells into the capital's streets.

Through the scream of air raid sirens the speaker's voice could be heard here, saying there was constant bombing by large Nazi squadrons.

The Warsaw station broadcasting at 8:50 p. m. said nearly all civilians in the capital were hiding as best they could in cellars, although buildings were collapsing on them.

Army Breaks Through

Polish authorities in Budapest reported a Polish army of unannounced strength had arrived in Warsaw Sunday after breaking through German forces in Pomerania and immediately reinforced Warsaw's defenders.

The battered capital was said to be lacking adequate water and food supplies in the ninth day of the German siege.

The announcer said streets were (Continued on Page 2, Column 5)

Port Isabel Sailing Races Are Canceled

PORT ISABEL—R. W. Pitts, skipper of the Laguna Sailing Club, announced cancellation Saturday night of sailing races scheduled for 2:30 p.m. Sunday here, after storm warnings were posted along the Texas coast.

Storm center is some 200 miles out, according to announcement received here, and small craft warnings have been issued.

100 Sailors Killed

PARIS—(P)—At least 100 French sailors Saturday night were reported to have been killed in an explosion and fire which swept the cruiser Pluton, a main unit in France's minelaying fleet.

It was believed possible the final toll might be twice that number.

The explosion was understood to have occurred off Casa Blanca, French Morocco, last Tuesday.

Two hundred would be half the Pluton's normal crew of 400 officers and men.

## Queen Of Starr County's Celebration

Miss Araceli Sanchez, above, has been reigning over Starr County's Annual Fair and Rodeo and Frontier Fiesta Celebration for the past few days in Rio Grande City. She was elected over ten other candidates. The Fiesta will close Sunday night. (Photo by Arthur.)

## STARR FIESTA NEARS CLOSE

### Final Celebrations Slated Sunday

RIO GRANDE CITY—Even larger crowds swarmed Rio Grande City streets Saturday as the second annual Starr County Fair and Rodeo entered its final day Sunday. Three thousand visitors were estimated to have visited the fair grounds.

Rodeos were presented during the afternoon and night, and Sunday, the McAllen high school band will play at both presentations, officials said.

Climaxing the Sunday festivities, however, will be the Grand Ball for Queen Araceli Sanchez, who has presided at Rio Grande's annual Frontier Fiesta since her coronation Thursday night. Grand ball will be held at the Service Club at Fort Ringgold, will conclude the celebration.

Cattle show judging by O. V. Tumlinson of Texas A. and M. College, and judging of the domestic science exhibits by Mrs. Bennie Campbell, was completed Saturday.

The large carnival has attracted thousands of Starr county and Rio Grande Valley residents, and other exhibits have attracted handicraft and home products from all sections of the Lower Valley, officials said. Winners of rodeo contests were to be announced Sunday.

## CITRUS SEASON TO BEGIN SOON

(Continued from Page 1)

with additional regulations as the season progresses provided the marketing agreements remain in effect. The present marketing agreement will be cancelled, it is expected, and the proposed new agreements not placed in effect if growers oppose the program in a referendum to be held some time soon.

L. E. Pratt of Harlingen, supervisor of the maturity division of the state department of agriculture, announced recently that testing of fruit would not begin officially until about October 1 and that this announcement had met with general approval. Last season testing started September 12 with a resultant rush on the part of growers who demanded daily tests until their fruit met requirements. In spite of this anxiety, less than a hundred cars of fruit were shipped from Texas last September.

A new law which would enable the commissioner of agriculture to ban citrus fruits of other states because of pests and plant diseases will become effective Tuesday as will a new law requiring certain safeguards for the color added process for oranges. An amendment to the citrus bonding and licensing law also will become effective at that time, according to C. E. McCormick, supervisor. The amendments require licensees but not bonds of cash buyers and places violations in jurisdiction of justice of peace courts thus making quick trials possible.

## OBITUARY

### MRS. DORA CHRISTLIEB

LA PERIA — Last rites will be held at La Peria Cemetery Sunday at 5 p.m. for Mrs. Dora Christlieb, 70, who died Friday at a Harlingen hospital. Funeral services will be under direction of John T. Thompson Mortuary, Harlingen.

Surviving are the husband, Perry Christlieb, La Peria; a brother, Charles Baidel, Enid, Mich.; a sister, Mrs. Emma Guld, also of Enid.

## TWO CONVICTS MAKE ESCAPE

(Continued From Page 1)

and a half feet high and about four feet from the edge of the wall.

When the men went over the final jump, the sheriff said, they set off the alarm. When jailers rushed into the open enclosure, however, they saw nothing as the men had already gone over the wall.

The break was discovered when Torres was spotted on top of the second story, unable to move because of his broken leg.

A wide-spread search immediately was begun, the sheriff said, with the constable's office, border patrolmen, the sheriff's department and others cooperating.

Sheriff Coombs discounted the theory that a meeting with an escapee had been pre-arranged, saying it was more likely that a passing motorist had given them a lift.

### Precaution Taken

The sheriff and Les Mauldin, well-known Brownsville pilot, flew over the area for a considerable time, but could not find anything looking like the escaping pair.

Officers all over the Valley were asked to be on the look-out for the pair, and the FBI was notified, the sheriff stated.

The sheriff Saturday night was planning to have the iron ladder leading to the skylight removed. He said in the future jailers adjusting the light could take in a ladder, making it impossible for prisoners to reach the skylight.

McALLEN — Mrs. W. H. Parks, of Victoria suffered serious internal injuries in a collision between the Parks car and another driven by Fidel Barrera a half mile north of Mission Friday night. She is under treatment at Mission. The woman's husband, district manager for a brush company, suffered cuts and bruises.

Barrera was being held in Hidalgo county jail at Edinburg Saturday night in default of \$1,000 bond after a charge of driving while intoxicated had been filed against him.

## VALLEY GETS NEW SERVICE

### Gulf Temperatures To Be Reported

BROWNSVILLE — How Rio Grande Valley gulf weather compares with points north of the Valley will be revealed in a new weather service inaugurated in Brownsville Saturday.

Two official government thermometers have been installed near the bath house at Del Mar beach, and daily reports—minimum and maximum—from the gauges will be reported by Walter Meyen, beach manager, in the Brownsville Herald and through the air via KRGV, Weslaco.

Through the efforts of George Walker, president of the Rio Grande Valley Jitney League, the two-foot thermometers were installed with the cooperation of George Carpenter, acting chief of the Brownsville federal weather bureau.

Temperatures at Del Mar are on the average one to two degrees lower than those reported by the federal bureau for Brownsville and other inland points, and these Del Mar readings, likewise, are on the average lower than those reported from other Texas gulf points, indicating a cooler temperature much in favor of the Valley's coast regions, Walker explained.

Each afternoon at 4 p. m. Meyen will telephone the maximum and minimum readings for the day to the Brownsville chamber of commerce, which in turn will notify the Brownsville Herald and the Weslaco radio station. Meyen and the Brownsville chamber of commerce are dividing the costs of the phone expense, Walker revealed.

The maximum and minimum temperatures for Saturday as phoned by Meyen to Walker were 77 and 88 degrees. Additional temperatures for each day will be carried daily in the Brownsville Herald and by KRGV.

The Del Mar temperature readings will not be included in the weather reports from the federal bureau in Brownsville, but it is the aim of Walker that they will reach the eyes and ears of thousands of prospective Valley summer visitors by press and radio.

## Explosion Occurs

### Air Ministry Blasted During Blackout

BERLIN—(Sunday)—(P)—An explosion occurred in the air ministry headquarters in the Leipzigerstrasse early Sunday.

Firemen and police closed off an extensive area around the building. The propaganda ministry acknowledged there had been an explosion but no immediate explanation was forthcoming.

It was reported that no one was injured. There was shattered glass in the street, but the effect of the damage was not immediately apparent.

# Attacker Of San Benito Girl Hunted

## UNIDENTIFIED MAN SOUGHT BY OFFICERS

### Eight-Year-Old Girl Rescued Unharm

SAN BENITO—Officers late Saturday still searched this section for an unidentified white man said to be about 30 years old, who Friday afternoon attempted criminal assault on eight-year-old June Mills, San Benito second-grade pupil.

The car the officers searched for was thought to be a 1929 model Chevrolet four-door sedan, with a broken rear-view mirror, a taped steering wheel, and a length of metal covering the battery box hole in the floor board.

The attacker of the girl was believed to be a San Benito resident, or at least one familiar with its environs.

Mother Phoned  
Friday night an unidentified man phoned Mrs. Jessie Mills, mother of the little girl, asking her to use her influence "to call off the officers," since the little girl had not been harmed, "and he hadn't meant any harm anyway." She said she told the man to call back in half an hour, but he apparently grew wary and nothing more had been heard from him Saturday, officers said.

June was recovered by Mrs. Mills just north of San Benito several hours after the girl was missed, when she saw the top of her head and the hair ribbon in a car which was attempting to make a turn on the highway. Mrs. Mills shot her car in front of the sedan, and urged her child to get out of it. She had time only for a first few scathing words before the man shot the car away toward San Benito. Mrs. Mills gave chase, but lost him as he turned off San Houston boulevard. She said she was too frightened to remember the license number.

Chum Sounds Alarm  
June said she and Darvin Hart, a school chum, were walking home from school, when a strange man offered them a ride. Darvin was let out of the car at his home, a quarter-mile nearer San Benito than the Mills home. He had carried June's shoes in the hip pockets of his overalls, overlooking to turn them to June. He walked to the Mills house and found June had not come home.

M. D. Young, grandfather of the girl, telephoned Mrs. Mills at San Benito, who notified police and started toward home. While she was en route she met the stranger with her daughter. She said he had attempted to push the girl's head down out of sight when she approached.

Officers had no description of the wanted man, aside from the opinion he was of medium build and ordinarily dressed.

Attack Resisted  
June told her people that she had been taken to a side road north of San Benito, and that the man tried to attack her. He started the car and moved on twice, as two automobiles passed on the road where he was parked with the girl. He then came back to San Benito for some reason and had stopped to turn around when Mrs. Mills blocked his progress and recovered her daughter.

She said she asked him what he thought he was trying to do, and that he answered he had not meant to harm the girl, but had offered her a ride home, and then had taken her for a ride. When the child had got out of the sedan, the man sped away.

## Postal Credit Union Board Holds Meeting

HARLINGEN—Regular meeting of board of directors of the Valley Postal Credit Union was held Saturday night at the Harlingen Post-office, when five new members were accepted, bringing total membership to 100. Directors announced that fifth year of union operation finds shares increasing rapidly with total assets nearing \$7,000 mark.

Members of the board of directors include Wayne Goble, president; H. L. Hensz, Harlingen, vice president; W. M. Darden, Harlingen, secretary-treasurer; W. Ray Smith, San Benito; C. R. Martin and Robert Reid, Mercedes; T. E. Halpin, Raymondville; Muri Wood, McAllen; A. P. Wright, Mission; Ray McWhorter, Edinburg; A. E. Hentz, Harlingen and I. B. Dodd, Donna.

PROFESSOR IS NAMED  
BURLINGTON, Vt.—(P)—Dr. Hardy A. Kern, 37, professor of preventive medicine at Baylor University School of Medicine, Dallas, Tex., Friday was named dean of the University of Vermont's Medical College.

## COTTON GROWERS STILL HAVE TIME TO AID IN PINK BOLL WORM WORK

HARLINGEN — Growers, whose cotton stalks are in such condition as not to be capable of propagating the pink boll worm may still complete their contract with the federal government by plowing them under by October 1 and receive pay for the work, it was announced by the cleanup office Saturday.

This does not apply to the growers whose stalks still have blooms or green bolls but only to those whose stalks are not capable of being host to the pink boll worm, it was pointed out.

The deadline for destroying cotton stalks was September 15, but it was decided that those who had succeeded in placing their plows beyond the stage of being host plants, would be allowed to complete their contract by plowing them under.

A statement by L. F. Curl, assistant chief of the pink boll worm division of the U. S. bureau of entomology and plant quarantine, was made Saturday as follows:

"More than 97 per cent of the farmers in the Valley have placed their cotton fields in a condition of compliance with the federal requirements that the stalks be cut or plowed under so that no cotton plants are left in the field capable of sustaining the pink boll worm by reason of having bloom or bolls present on the stalks.

"This means that farmers whose fields are in this condition will be eligible for payment for the plowing under of the cotton stalks provided a workmanlike job of plowing has been completed by October 1. However, should sprout plants be allowed to fruit prior to being plowed under before October 1, a menace from the pink boll worm propagation would be created which will make the acreage ineligible for the plowing payments."

There were only 493 acres of untouched cotton left in Cameron county at noon Friday and growers were attempting to bring most of this in compliance. Scattered showers hindered operations where cutting was attempted but helped where plowing was to be done except where the rain was heavy.

The federal program under which growers are being paid to make an effort to get plants out of the way early ends October 1, when state regulations requiring plants to be destroyed in infested areas becomes effective. The state law, instead of providing pay for the work, provides penalties if it is not done. H. B. Edwards of McAllen is the state enforcement officer.

It was reported Saturday that a great many growers who are in compliance are disturbed because inspectors have not been around to make a final check. It was stated that these growers need not be worried because inspectors will call on them in a few days and orders for the payoffs issued as quickly as possible.

## HEAT RELIEF IS EXPECTED

By The Associated Press  
Scattered showers Saturday and northwesterly winds forecast for Sunday prompted Texans to expect cooler weather the remainder of the summer, ending officially at 6:30 p. m. (CST) next Saturday.

At the same time, it was recalled that the hottest day of the year in the Dallas area last year was October 1 when a 100-degree mark set an all-time record for that month.

A squally condition, 200 to 250 miles off the Texas coast, was expected to cause fresh east and north-east winds and thundersqualls along the coastal area Sunday. A small-craft warning was issued.

Far inland, north Texas got a cool wave from the northwest giving Amillo a low of 57 degrees early Saturday. In the Dallas area scattered showers also tempered the heat. Austin reported showers amounting to .65 inch. Olney had a drizzling rain for an hour. Showers were forecast for the south portion of East Texas.

piled with wreckage created by bombs and shells, dropping into "nearly every block of the city."

"All day Warsaw has been under heavy fire," said the announcer. "Air raids destroyed the Protestant Church while service was being held and the roof collapsed, killing on hundred persons."

"The Lithuanian legation was destroyed by air bombs. "All day airplanes have bombed and machine-gunned every inch of the city."

"German planes flying low over buildings tossed incendiary bombs. The capital now is almost a flaming torch."

"Shells crashed into houses and they in turn crashed into heaps of ruins with terrible detonations. "The fire department is racing helplessly all over town for there have been more than 400 separate fires Saturday."

"Women and children and old men—all the rest are fighting the invaders—are trying to extinguish the blazes with sand and the little water that can be spared from the drinking supply. Their faces are blackened by soot and pitifully lined by fatigue."

The announcer said new posters signed "Smigly-Rydz" (Marshal Edward Smigly-Rydz, commander-in-chief of the Polish army) had been plastered on "those walls still left standing," calling upon men, women and children to "defend Warsaw to the last drop of blood, for the honor of Poland demands it. We must fight the barbarian invaders in every field in every manner with every weapon."

Shortly after 9 p. m. Warsaw's military commander, General Czuma, said over the microphone "from the east the German artillery is bombarding the capital."

"In Wola (western suburb of Warsaw) we captured one tank and one machine gun. To the east of the city there was mostly reconnoitering activity."

"We took many prisoners in the western part of the city, including a colonel, and much material."

## Doctors Meet Staff Of Hospital To Convene

BROWNSVILLE — The first meeting of the Mercy hospital staff since June will be held at the hospital at 12:15 p.m. Wednesday, with a host of routine business matters on the program.

Dr. R. F. Breeden, president of the staff, said that with Wednesday meeting the staff would begin the regular monthly meetings which have been cancelled during the summer season.

Reports of hospital activities during the previous month and the presentation of a paper on some medical subject by a member of the hospital staff occupy the program at the monthly meetings.

## NEW RULING IS APPROVED

### Electric Ordinance Is Passed In Pharr

PHARR—An ordinance has been passed in the city of Pharr, providing for the bonding and licensing of all types of electricians, the manner in which all electrical work should be done with the type of material to be used, the fees to be charged, the penalty for infraction and many other details regulating all electrical work. The ordinance is now in effect, and a city inspector has been employed to enforce this ordinance passed by the city commission recently.

The ordinance contains 3 sections with many of the sections having a dozen or more parts.

The ordinance provides that no person shall have any form of electrical work done unless the person, firm or corporation has a master electrician's license. The cost is \$25.00 for the first year, \$12.50 for renewal each year thereafter. The electrician shall also have a \$1,000 bond made payable to the city to insure against loss.

J. O. Riding has been appointed city inspector, with his duty to issue all permits and to make all inspections.

# Cash, Carry Plan Best Neutrality Solution, West Declares

## VALLEY SOLON HITS CURRENT EMBARGO ACT

Congressman Will Leave Sunday

BROWNSVILLE—The cash and carry plan of selling materials to belligerents was again extolled by Congressman Milton H. West in an address Friday night before John Hanson post No. 43 of the American Legion here.

The congressman, who leaves here Sunday night to attend the special session of congress starting Thursday, declared he would go to Washington with an open mind, however.

The "cash and carry" plan, he said, appears to be the most logical one at present, but if a better plan is proposed he will support it.

Legion Approves Views  
John Hanson post No. 43 of the American Legion went on record as approving the view set forth by Congressman West.

He was introduced by Kenneth Faxon, local attorney, after the meeting had been called to order by Commander C. H. Holcomb, and invocation had been pronounced by the Rev. R. O. Mackintosh, retired, and legion chaplain.

Describing the various phases of neutrality legislation, Congressman West scored embargo, which he said would bring about in 90 days the greatest depression we would ever have.

U. S. Export Nation  
We're not the type of people to shut our doors, and crawl under our beds, he said. We're not going to run from the big bad wolf. The United States is essentially an export nation.

The "cash and carry" plan, he explained, would allow belligerents to purchase materials here for cash and transport them back to Europe in their own ships... at their own risk.

He scored also any delegation of neutrality powers to the President. Congressman West declared he favors the Sol Bloom bill which would prohibit the belligerents selling bonds in the United States, or buying materials on credit.

West Favors Defense  
The bill passed the house, but has been delayed in the senate, and he undoubtedly be amended, he added.

He said that he has voted for every measure of national defense, and expects to continue voting for defense measures. He cited improvements in the army and navy. Excessive expenditures of the administration were looked at with disfavor by Congressman West, however. "The time has come when we've got to practice economy," he said.

He scored "isms" and said, if he had his way, he would take citizenship away from those trying to break down our nation and send them back to the countries they "love" so well.

The American Legion was praised. "You've got to take the lead," he told them.

Visitors included C. D. Bennett, Open Forum Conducted.

Visitors included C. D. Bennett, Westlake, 13th district Legion delegate in the national convention, and former national executive committee member and former grand chief de gure of the Forty and Eight of Texas.

Also, Dr. E. O. Seiser, San Benito, past commander of Sam Jackson post No. 111, and chef de gare of Volture 231, Forty and Eight, which includes Cameron and Willacy counties.

Congressman West, following his talk, conducted an open forum. The Legionnaires also heard by radio the speech made by Col. Charles A. Lindbergh.

## Order Issued

Tax Fund Set Aside In Willacy

RAYMONDVILLE—Order setting aside in a special fund tax monies collected in Willacy county since 1932 for the Corpus Christi sea wall, was issued by the Willacy county commissioners court here this week.

The tax collector was instructed by the court order to turn the money over to the treasurer, and to check tax records for the years since 1932 to ascertain the total of taxes collected in this regard. It was estimated \$15,000 would be refunded to county taxpayers, as a consequence of the levy being declared illegal by Judge James Allred.

## U. S. Coast Guard Needs More Men

BROWNSVILLE—The United States coast guard, Galveston, wants 50 men, Postmaster W. T. Burnett, Brownsville, was informed Saturday.

Applicants are requested to apply on board the U. S. coast guard cutter Saranac at Pier 15, Galveston, not later than September 23, for information, interview and enlistment.

The age limits for enlistment is 18 to 25 years, but special provision is made for those who have previously served in the U. S. navy and coastguard.

## PETTY THEFT CASES FINED

\$50, Costs Assessed By Court

HARLINGEN—Genaro Garza was fined \$50 and costs or total of \$68.60 in each of two cases of petty theft Saturday, fines being assessed by Judge F. D. Nance in precinct court.

Officer H. H. Crossett made the arrest. Garza was remanded to county jail.

In corporation court, Judge Menton Murray fined John Knight \$5 on charge of being drunk in a public place, and fined W. D. Williamson \$5 on charge of violating city peddling ordinance.

State Highway Patrolman J. O. Musick filed the charge against Knight and Officer H. H. Crossett filed on Williamson.

Judge Murray fined Tom Maddox \$1 and costs or total of \$10 in each of three cases of violation of the law of the road, in precinct court, suspending his driver license for six months. Musick filed the charges.

W. T. Winters was fined \$1 and costs or total of \$14 on an assault charge.

## Del Mar Busy

Gulf Clear; Fishing Reported Good

DEL MAR—Many reservations of cottages made for Saturday night and Sunday at Del Mar beach indicated the Valley gulf resort would be a scene of bustling activity over the Sabbath as the summer beach season goes into its final stretch.

Beautifully clear water Saturday was reported by Walter Meyen, Del Mar manager. No rain had fallen at Del Mar beach late Saturday night.

Dozens of cars Saturday parked near the jetties, and the long piers were dotted with fishermen. Thousands of Valleyites are expected to crowd the beach during the remaining Sundays before cool weather begins.

## Anniversary Feted By McAllen Group

McALLEN—McAllen Mexican nationals feted their holiday, Dies V. Sies, Saturday night with a program at the Sam Houston school.

Music and dancing were arranged by the Mexican Patriotic Committee of McAllen, assisted by the local Mexican consulate.

No official plans were made for a celebration at Reynosa, Consul Lauro Izaguirre said, in view of the fiesta to open the new high school there Thursday.

## STATE FAIR TO SHOW

McALLEN—Packers of fancy packages of citrus fruit will have the opportunity at the Dallas State Fair to get a little free publicity.

All packers are asked to send samples of their fruit to the Valley Exhibit at the fair which will run from Oct. 7-23. The packages will be displayed prominently and will bear a tag showing the name of the packer. Packages must be addressed: Valley Exhibit, Agricultural Hall, Texas State Fair, Dallas.

## DROUGHT HITS CABBAGE CROP

Growers Are Advised Of Situation

WESLACO—Valley growers may be overlooking a good opportunity by not planting cabbage, according to information received at the experiment station.

Supt. W. H. Friend of the station said Saturday that there is a cabbage shortage due to the drought and that this may provide Valley growers with a good outlet for their crop.

A recent government crop estimate revealed that the cabbage crop was about 20 per cent less than last season and a buyer told Valley men that the crop is 50 per cent less than it was thought to be at the time the crop report was made.

Seed dealers reported to Friend that only a small quantity of cabbages has been planted in the Valley and much of this has been lost due to various causes. Growers were urged to take care of their plants now in seed beds. It was pointed out that about 30 days more planting time remained for growers who feel that the crop outlook to this date justifies putting seed in the ground.

## 60 Students Enroll In Course In Bible

BROWNSVILLE—Sixty Brownsville high school students, about 10 per cent of the student body, have enrolled in the new Bible course here. E. C. Dodd, superintendent of Brownsville schools, announced.

The Old Testament course is being given in two classes, one taught by Leo T. Albritten, high school instructor, and the other by Rev. Father W. J. Moore, O.M.I., pastor of the Sacred Heart church, and the Rev. Father Thomas Fernandez, O.M.I., of the Immaculate Conception Church.

## Jeffers, PAA Men Take Mexico Trip

BROWNSVILLE—H. R. Jeffers, federal probation officer here, left Saturday noon on a two-week motor trip to Mexico City, Puebla, Orizaba, Cordova and Vera Cruz.

The federal probation officer was accompanied by Miguel Gomez H., purchasing agent for Pan American Airways here; Prax Cavazos, Abel E. Guerra and Roberto Leal, PAA employees.

## MEXICO FILM OFFICIAL SEES BRIGHT FUTURE

BROWNSVILLE—The prediction that Mexico will become "independent" of Hollywood within the next two years was made here Friday afternoon by H. E. Randall, Mexico City film technician.

The Mexican film industry is at a turning point, the people are nationalistic-minded, and make good technicians, he said.

He qualified his statement, however, to add that Mexico will become "independent" of Hollywood if its film progress continues at its present pace.

There will always be a demand for first grade American movies in Mexico, but no longer will the country be a market for second rate American movies, he asserted.

Mexico, he pointed out, had produced several exceptionally fine movies this year including "Noches de Mayas." Musicals are the most popular among Mexicans, he said.

Randall formerly worked with MGM and RKO studios in Hollywood. He has been in Mexico about four years. The Mexican film industry is about 11 years old, he said.

While in Hollywood with MGM he worked in the early days of "round" with Douglas Shearer, the studio's recording director, who is a brother of the actress, Norma Shearer.

Douglas Shearer, he added, possesses a brilliant mind, fine personality and has a knack of hiring clever assistants. Shearer has a mathematical mind, he said.

Randall arrived here from Mexico City via Pan American Airways and left by Braniff Airways for New York via Dallas. He plans to begin a tour of South America in about 10 days to "see what's going on" in the film industry down there.

## Fireman Mascot Astounds Elders With Trip Data

McALLEN — In company with two other "visiting firemen" from Denver, Colo., Clinton Frisby, 9-year-old mascot of the McAllen Volunteer Fire department, had the time of his fire-eating career while visiting in San Francisco recently.

Young Frisby visited a fire-boat at the harbor there and brought back a report which he gave at last week's meeting of the local firemen.

In clear detail the lad told of the boilers which run the boat, the turbine pump which shoots 22,000 gallons of water a minute, top deck water outlets, turret nozzles and telescopic towers.

His technical knowledge surprised the hardened firemen, Chief Carl DuBois said. In closing his report young Frisby told of the part fireboats played during the earthquake of 1906 as secondary distributors for the city water supply.

## DRIVE OPENED BY THESPIANS

### McAllen Group Seeks Theatre Members

McALLEN — McAllen's Little Theatre membership drive got under way Saturday under the leadership of Mrs. Blanche Doster.

Assisting her are Mesdames H. R. Kamiah, St. Casady, Harry Pederson, C. W. Davis, Jack Nelson, and O. Terry, Misses Mariea Timlin and Eva Sue Murphy, and Wayne Fletcher and Dr. J. B. Hess.

The membership drive will close Oct. 1, Mrs. Doster said. Regular membership may be purchased for \$5, students \$3, and sponsorships \$10.

"Petitcoat Fever," the Little Theatre's first play, will be presented early in the fall at the Edinburg Junior College. Plans have been cast to Mrs. Kamiah, Harry Pederson, A. C. Statham of Edinburg and Mrs. Doster.

Plans are being made to give "Golden Boy," "You Can't Take It With You" and "Susan and God" during the early part of the winter season.

Doster said results from the ticket sale showed a larger membership would be registered this season in the young cultural body than it experienced during the first year of its incorporation.

## Constitutional

### Valley Students Sift Americanism

PHARR — In observance of constitution week Sept. 17-23, the Pharr-San Juan-Alamo Junior and Senior High school are requiring that every student in school enter into a discussion of the basic principles of democracy as embodied in the constitution of the United States.

Faculty members decided to set aside one hour Wednesday of next week for consideration of this all-important instrument. On that day all students direct their attention and rededicate themselves to the ideals embodied in the Constitution, Supt. D. U. Buckner said.

### San Benito Sisters Leave For College

SAN BENITO — Miss Flossie Crowe has departed for Austin, to attend Rush Week activities given by her sorority, Zeta Tau Alpha, at the University of Texas.

Her sister, Miss Marion Crowe, left Friday night to visit in San Antonio with her gran mother, Mrs. John Harrison, and her uncle and aunt, Mr. and Mrs. Henry Schiffer. She will spend the week end there, continuing Monday to Austin to enroll as a junior at the University, where she will reside at Scottish Rite. Miss Flossie Crowe will be a senior student this year. The girls are daughters of Mr. and Mrs. B. B. Crowe of San Benito.

### Miss Helen Hinkley Goes To University

SAN BENITO — Leaving this week for Austin is Miss Helen Hinkley, daughter of Mr. and Mrs. W. B. Hinkley. She will enter the University of Texas as a sophomore student this fall, and will reside at Grace Hall. Miss Hinkley went up early to attend Rush Week activities given by sororities on the campus.

## EMBARGO ACT REPEAL MOVE WINS BACKING

### Lindbergh's Address Hits War Entry

WASHINGTON — (AP) — Senator Thomas (D-Utah), a member of the foreign relations committee, expressed the view Saturday the Soviet-Japanese agreement to suspend fighting on the Manchoukuo-Outer Mongolia border might be a retaliatory move against the United States for serving notice of intention to terminate the 1911 commercial treaty with Japan.

Secretary Hull notified the Japanese government in July the 28-year-old treaty would lapse January 28, 1940.

While Washington awaited the full significance of the Russo-Japanese truce, Col. Charles A. Lindbergh appealed to the United States in a radio address to stay out of the European war.

### No European Frontiers

In one of his infrequent public utterances, the famous flier warned the nation not to be "misguided by this foreign propaganda to the effect that our frontiers lie in Europe."

"One need only glance at a map to see where our true frontiers lie," he continued. "What more could we ask than the Atlantic ocean on the east and the Pacific on the west? No, our interest in Europe need not be from the standpoint of defense, our own natural frontiers are enough for that."

Some diplomats in Moscow looked upon the Russo-Japanese armistice as the possible forerunner of a non-aggression pact between the two countries. Noting this, Senator Thomas told reporters:

"If it means an unfriendly Japan, the danger would be closer to our shores. If it is a sincere non-aggression pact it is a peaceful move. If it is a cloak for something else it is not so good."

Rep. Starnes (D-Ala.) commented, the truce indicated a "realignment of the world's dictatorial and totalitarian governments that would constitute the most positive threat to every truly democratic government that the world has yet seen."

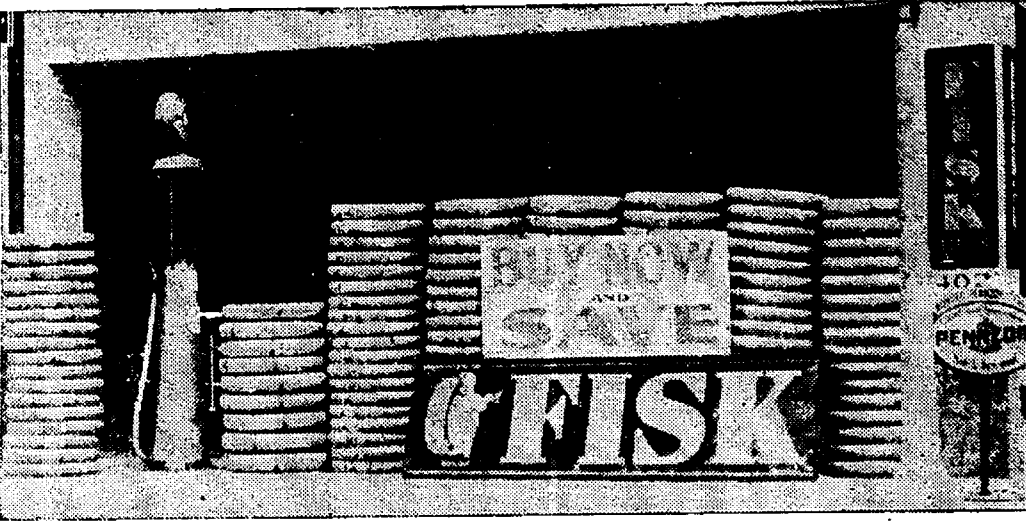

Stimson for Repeal Although Col. Lindbergh made no mention of the arms embargo clause of the neutrality act, which the Roosevelt administration will seek to repeal at the special session starting next Thursday, two prominent Republicans spoke out Friday night in support of the administration's position.

Henry L. Stimson, former secretary of state, and Dr. Nichols Murray Butler, president of Columbia University, made their positions known in letters to the New York Times. Stimson said repeal offered the only sure way for the United States to keep out of war, and Butler contended that the neutrality act represented a policy of economic nationalism which he said was "the chief cause of the world's troubles."

Discussing the Lindbergh speech, Rep. Bloom (D-N.Y.), chairman of the house foreign affairs committee, commented that Lindbergh had voiced "what every American feels—that under no circumstances must this country enter the war."

HARLINGEN—E. C. Breedlove, who went to Houston to accompany his daughter, Robbie Rae, who has begun a business training course, is going to Dallas and may visit in his former home in Oklahoma. ## Red Cross To Open Hidalgo Work Rooms

McALLEN — The Hidalgo County Red Cross chapter is laying plans to open workrooms in every city in the county to prepare surgical dressings and hospital and refugee garments to be used in the present European conflict.

Where the McAllen room will be located is to be announced later, M. T. W. Mahone, chairman of the county Red Cross social home service, said Saturday.

"The Red Cross in this county," Mrs. Mahone said, "is authorized to receive contributions for relief in connection with the present conflict provided donors designate in a clear statement what use is to be made of the contribution." Funds for transmission to cover expenditures of other relief agencies are not acceptable, according to information received from national headquarters. All donations must be given directly to the local office.

In response to a special request from the Polish Red Cross for medical and hospital equipment, the American body contributed \$50,000 for equipment.

## Property Owned By San Benito Now Oil Field

SAN BENITO — Discovery of oil on a farm he formerly owned near Baffle, Texas, was learned this week by A. C. Kyser of San Benito, canal rider.

Mr. Kyser received a Corsicana newspaper reporting the bringing in of a 1,500 barrel oil well on the property, which was sold by the local man several years ago. A sister of Kyser owns property near that on which oil was discovered.

## 37,183 Bales Ginned In Hidalgo County

EDINBURG—Total of 37,183 bales of cotton had been ginned in Hidalgo county from the 1939 crop prior to September 1, according to report by W. T. Gilliland of Edinburg, special agent for the department of commerce, bureau of the census. The figure shows decrease of 2,106 bales from the 39,289 bales total shown for the 1938 season to the same date.

Gilliland reported increase for Starr county ginnings in 1939 over 1938 total, 2,786 bales having been ginned to September 1, compared to 2,204 bales ginned to the same date a year ago.

## GOES TO NEW MEXICO

## M'ALLEN TAX PAYMENTS UP

### Gains For September Total \$438

McALLEN—Current city tax collections for the first 15 days of September were \$438.82 ahead of last year, City Secretary C. D. Martin said Saturday.

A total of \$12,088.82 has been collected on current taxes against a gross of \$123,085.34. At the same period last year \$11,650 had been collected against a gross of \$114,823.03.

Although taxes are not due until October 1, city commissioners offered a reduction of three per cent on all taxes paid in September, two per cent in October and one per cent in November. The city secretary's office was kept rushing during the first part of the month handling tax receipts which were registered in greater numbers than during the previous year. No large receipt has been issued to date at the office, Martin said.

## 1169 Are Enrolled At Raymondville

RAYMONDVILLE—Total of 1169 pupils have been enrolled in Raymondville schools, Superintendent M. L. Deviney said, approximately 111 more than had been registered this time last year.

The enrollment increased 62 during the second week of the new fall term, Deviney said. Mrs. Jonnie Serota has been added to the faculty because of the extra pupils, the school head said.

## Is Your Water As Good As You Would Like It To Be?

Or do you long for the water you used "back home?"

Or would you like to drill one of those real deep wells?

Or build a big cistern and catch enough rain water?

Let us show you how simple it is to make good water out of bad by using one or more of our many different types of water treating units. We can make muddy river water absolutely clear for less money than it costs to build an underground cistern. Canal or city water can be softened cheaper than hanging gutters on the house and buying a cistern large enough to catch a sufficient supply of rain water. Questionable unsafe water can be safe for drinking purposes for about one cent a gallon.

## Phone 26 WESLACO

and we will be glad to have one of our representatives call on you to determine just what would have to be done to give you a perfect water and to explain more fully how these different units operate and why it is cheaper to treat surface water here in the Valley instead of drilling well after well hoping to find a good water.

## In Harlingen—

Just as customer confidence is the foundation of any business, so community confidence is the backbone of a city's growth.

Harlingen's business and professional leaders recognize the value of the city's central location; likewise, they recognize the great responsibility placed upon them by the large number of customers they serve.

Harlingen's responsibility, imposed by community confidence, is to be able to supply what you need when you need it.

This series of advertisements is designed to encourage the habit of buying in the Valley. There are few things which cannot be bought in the Valley and at prices as low as those in any other section.

See your local merchant first. If he does not have what you need when you need it, you will find it in Harlingen.

## MISSION MAN ELECTED TO HEAD CO-OP

### New Officers Of Unit Are Named

MERCEDES—Floyd B. Holland of Mission was elected president of the Magic Valley Electric Co-operative, Incorporated, at a meeting of the new board of directors here Friday.

W. H. Berry of Brownsville was elected vice president and Roy Powell of Mercedes was named secretary and treasurer.

Other members of the board of directors are B. K. Manciel, Edinburg; B. J. Sitz, Rio Hondo; Reid Rikard, La Sata, and D. B. Gilmore of Lyford.

J. E. Wilder was named manager of the co-operative some months ago.

The directors were named this week at one of the largest Valley-wide meetings held in many months when 650 members met in the Mercedes high school.

It was reported at the meeting that approval of a loan for building 130 additional miles of electric lines in various parts of the Valley was being sought in Washington. Blueprints for the extension have been forwarded to the capital.

G. A. Lewis and James Cobb of Washington, the former special adviser to the Rural Electrification Administration, and the latter utilization division representative, were at the meeting here.

The co-operative now has 540 miles of energized lines and 1,270 members who are using electricity.

# Initial Steps To Build Castor Industry Taken In Valley

## FARMERS SIGN ACREAGE FOR GROWING CROP

### Company Officials Launch Program

BROWNSVILLE — Preliminary steps toward establishment of the castor bean industry as a new agricultural and industrial development for the Brownsville area were taken at a meeting of farmers here Friday night.

While officials of the Woburn Industries, which is launching the project here, did not definitely state their plans, since these depend on the co-operation of farmers, the statements were made that the company has picked Brownsville as the most favored spot in the United States in which to launch the program, and is ready to work with local interests in getting it under way immediately.

The assurance desired here is sufficient acreage, approximately 12,000 acres being necessary to supply a plant.

**Farmers Sign Acreage**  
Farmers who attended the meeting signed up for considerable acreage, and a committee was named to arrange for the additional acreage, and also to form an association of castor growers in this section, which association will control the handling of seed.

M. D. L. Van Over, research chemist in charge of the castor program for the Woburn Industries, of Harrison, N. J., was the principal speaker at the farm meeting, held in the El Jardin hotel.

A. G. H. Reinold, president of the Woburn Industries, was present, and was introduced by Col. W. E. Talbot, who presided.

In his talk Van Over traced the experimental work which his concern has done, stating that six hybrid plants have resulted from experiments with hundreds of different kinds of castor plants.

**Plant Uses Explained**  
Some of these hybrids produce more seed, others more stalk and pulp.

He told of the uses of the plant, including the oil and fertilizer from the bean, insecticide from the leaf, fibre from the bark, and pulp from the stalk.

Van Over said that the experiments which his concern conducted to determine the best location for launching the program narrowed down finally to four states, and that further experiments pointed to Brownsville as the most favored spot in these four states in which to launch it.

"If you people are willing to give us your cooperation and work with us," he stated, "The Woburn Industries is ready to work with you in launching this program in Brownsville."

**Committee Is Appointed**  
The committee which was named to work out the planting program consists of Wilbur Wright, W. E. McDavitt, C. L. Hunter, K. T. Lockridge, and Randall Mathers.

Many phases of the plant and the program were discussed by Van Over. In response to questions he explained that control of production of the hybrid types will be maintained through the patents which the Woburn Industries holds. Seed will be given to the farmers, and they will not be permitted under their contract to give it or sell it to outside interests.

Pointing out that castor can not be grown profitably for the bean alone, Mr. Van Over explained that it would take many years for other interests to develop plants to a state that this concern has done.

**Castor Aids Soil**  
He also stated that experiments conducted by his concern indicate that the plant benefits the soil, and does not deplete it. He pointed out also that it has a short growing season in the Valley, and that two or more crops can be grown a year, or castor can be planted after winter vegetables are off the land in the spring.

He cautioned the Valley people that extensive castor plantings based on the hope of getting rich because of high prices for the oil which may result from the war are sure to fail in the long run, and explained that the Woburn program is based on a long-range program of utilizing all the component parts of the plant, and giving the farmer a reasonable return during normal times.

It is considered virtually certain now that the program is to be launched here.

## Office Opens

### New Farm Counselor In San Benito

SAN BENITO—Prentiss P. Edmiston, former secretary-treasurer of the Cameron county agricultural conservation association, has opened an office as farm counselor in the Alaska building in San Benito, at request of the San Benito Chamber of Commerce. A number of business men and farmers have endorsed the move.

In view of the numerous complications arising in connection with the Agricultural Adjustment Administration program, as result of intricate farming system of the Valley, need for such an office was felt by the Chamber of Commerce, farmers and business men. Edmiston may now be employed by farmers to advise and represent them in cooperation with county agricultural conservation association for purpose of deriving greatest possible benefit from AAA programs. The service in no way conflicts with services rendered by the conservation association.

"In expectation of a long European war with high food prices and the anticipation that many families will want to raise their own food, we will give every purchaser of a five acre tract Sunday a 3 to 5 year old, 900 to 1,000 pound mule," a display advertisement states.

## FRUIT PLANTS MAKE APPEAL

### Disposal Problems Are Studied

WESLACO—The Rio Grande Valley Exchange board of directors this week reiterated inability of the juice and dehydration plants in Weslaco to meet sewage disposal requirements of a city ordinance passed last year but to be enforced for the first time this season.

The ordinance requires the waste from canning plants have the same consistency as ordinary city sewage before it can be accepted for treatment at the disposal plants and run through city sewer lines.

The exchange directors had decided at a previous meeting that the dehydration plant would not be able to meet the requirements as set forth in the ordinance. State and federal chemists and engineers have been working on the disposal problem for some time but no solution has been found.

The city and local canning plants were named in damage suits over a year ago due to alleged damage to property from odor caused by disposal methods then followed. The suits have never been brought to trial. It also is understood that the dehydration plant is a highly unprofitable venture.

The directors heard an encouraging report from W. A. Brunton, sales manager, following his tour of the fresh fruit markets. Juice and dehydrated feed prices were said rising.

## Mortuary Opens

### New Funeral Home In San Benito

SAN BENITO—Morris-Bland Funeral Home was opened here this week at 580 South Travis avenue, under direction of F. E. Morris and Kenneth Bland, both long-time residents of the San Benito section.

The resident-type funeral home has been equipped in the modern manner, supplementing hearse, ambulance and pall-bearer coach. Building has been remodeled and room made for a chapel and parlor. Mr. and Mrs. F. E. Morris have lived in Cameron county for 30 years, coming to San Benito several months ago. They are licensed embalmers and funeral directors. Kenneth Bland has lived near Los Fresnos for the past seven years, and previously was associated in the mortuary business.

## Izaguirre Denies Transfer Reports

McALLEN — Mexican Consul Lauro Izaguirre denied reports Saturday that he was being transferred to another post.

Izaguirre said he had spent the past several days at Victoria, Texas, Mexico, and that Gov. Marte R. Gomez on dedication ceremonies for the new Reynosa high school, to be held the afternoon of September 21, at the Reynosa bull ring. Complete details of the celebration will be announced later, Izaguirre said.

It was reported here Friday from Laredo that Santiago Campbell, assistant consul there, had been transferred to the McAllen post.

## FOUR BOOKS ARE RECEIVED

### Volumes Presented To Library

HARLINGEN—The Harlingen library Saturday received four new books from the Carnegie Endowment for International Peace, to be added to the local institution's International Mind Alcove. Purpose of the Carnegie endowment is to encourage a wider knowledge of international relations.

The Harlingen library is one of a selected list of libraries over the nation which receive new books from time to time to be placed on shelves of the International Mind Alcove. The local library has been on the selected list for the past two years.

"Lords of the Sunset," by Maurice Collis, is a story of the Shan States. The fact Collis has been a British administrator in Burma for years gives balance and importance to all he writes.

Harry and Rebecca Timbres are the authors of "We Didn't Ask Utopia," a story of the adventures of a Quaker family in Soviet Russia.

"Introduction to Argentina" is the title of a book written by Ambassador Alexander Wilbourne Weddell, which takes the reader to the southernmost tip of South America. The reader is introduced to both country and city life throughout the nation, with problems with which the government is confronted being discussed.

"Norway," written by Agnes Rothery, is an interesting story of that Scandinavian country where "not one single normal child does not get an elementary school education." Special characteristics of picturesque Norway will easily be discovered by reading this book written by one who knows and loves her subject.

**INAUGURATION SLATED**

DALLAS—(P)—Formal inauguration of Dr. Humphrey Lee as president of Southern Methodist University has been definitely set for November 5 and 6, it was announced Saturday.

## 'DIEZ Y SEIS' EVENT ATTRACTS HUGE CROWD

BROWNSVILLE—The gala "Diez y Seis" celebration being staged here will be concluded Sunday night with a ball at the hotel El Jardin honoring the queen of the fete, Miss Osbelia Villareal, and her court.

Thousands thronged the Missouri Pacific park Friday and Saturday nights as gay music and lively Charro costumes made the three-day bazaar a blaze of color.

This celebration, in which Browns-

ville civic clubs and others assisted the Mexican Patriotic committee in celebrating Mexico's Independence Day, had a definite tang of "Charro days."

Numerous concessions and stands were operated at the Missouri Pacific park, and Anglo-Americans took a lively part in the celebration.

A Monterrey orchestra, which has assisted in the Friday and Saturday events, will play for the Sunday night ball.

Tickets for the dance will not be sold at the door Sunday night. Persons planning to attend have been asked to contact the Mexican Patriotic Committee at the Mexican Consulate here, to obtain dance tickets.

The tickets also may be obtained through the service clubs. None will be sold after 6 p. m. Sunday.

The official "grito de independencia" was given Friday night by Consul Carlos A. Calderon. The coronation of Miss Villareal was a Charro hat also was held Friday night.

Miss Eva Yznaga was the runner-up in the queen's contest.

**Parley Slated**

**Medical Chiefs Plan State Meeting**

DALLAS—Seventh annual convention of the Texas Society of Medical Technologists will be held at the Adolphus Hotel here October 6 and 7, according to announcement Friday.

All registered technicians are eligible for membership and have been urged to attend.

Two of the outstanding discussions scheduled for the program will be "Symposia On Laboratory Examination for Malta Fever," and "Blood Examination." Dr. Joseph M. Hill, Dallas, will discuss "New Advances in Laboratory Technique with Special Reference to the Lyophilic Process and Blood Bank."

**Donna Rotary Club Holds Weekly Meet**

DONNA—Donna Rotary Club met Friday noon at the Odd Fellows' Hall on South Eighth Street, with Dr. C. E. Stokely presiding. Dale Washburn, Vernon Sutphen, Lee Hinkle, and A. B. Sanders spoke on the aims and objects of Rotary. S. H. Collier was introduced as a new member. Visiting Rotarians were Granger Smith of McAllen, W. R. Montgomery of Edinburg, Stanley B. Crockett of Harlingen, J. T. Ellis Jr., Everett Knapp, John Knapp and C. E. Bennett of Weslaco.

## COUNTY CUTS TYPISTS' PAY

### \$200 Per Month Will Be Saved

EDINBURG—Hidalgo county commissioners have effected a saving of \$200 a month for taxpayers by cutting \$25 each from the salaries of eight typists in the tax collector's office.

Commissioner had promised earlier they would slash expenses in every instance possible. The new cut gives each of the eight employees a salary of \$75 a month instead of \$100, at which they were hired. Motion for the reduction was made by Commissioner Stanley Melton and seconded by Carl Eckstrom of Edinburg. Commissioner Bill Douglass cast a negative vote. A full quorum was present for the meeting presided over by County Judge Oliver C. Aldrich.

Commissioners also approved an allotment of \$30 per month to Rosendo Yzquierdo to help maintain a deaf and dumb school, voted to advertise for bids for a one-road maintenance tractor for precinct No. Four and announced a notice of publication of the Arkansas Properties Corporation to have a portion of the lands embraced in the San Carlos townsite subdivision cancelled.

EDINBURG—Business visitors in Edinburg Thursday were Mrs. Kate Chaddick, Mercedes; R. D. Cox, Ted Melden, D. F. Strickland, E. W. Halstead, Vernon Hill, Mission; E. A. McDaniel, Gordon Griffin, McAllen; Robert Kirkpatrick, Mercedes; Joe Atkinson, Pharr; Fred Scroggins, Paul Brown, Harlingen; T. C. Richards, Hargill; W. A. Hardings, Mr. and Mrs. Kennedy Smith, Raymondville.

PHARR—Mrs. Jimmy Davis, who has been ill with typhoid fever, has sufficiently recovered to be out again.

AT PALM CITY**

**Wednesday Deadline  
Set; Events Listed**

McALLEN—All entries for the Valley Poultry Congress opening here at the Henry Wiesehan Packing Plant Thursday, for three days, must be in place not later than 7 p. m. Wednesday, Harry Hill, director, said Saturday.

The program will be formally opened Thursday at 2 p. m. by Paul C. Vickers, manager of the McAllen Chamber of Commerce. Prominent poultry experts will deliver lectures daily on care and feeding of farmyard fowls.

Judging will be based on 500 points: 300 for feeding, growing, equipment and mortality; 200 based on 150 points for potential production and 50 for standard of perfection for the breed.

Judges will be: Hoke McKim of Edouch, H. B. Hagelin, farm agent for Duval county, and C. P. McCarthy of A. and M. College.

The program will include the following:

Thursday: 2:00 to 2:45, culling and blood testing, R. G. Burwell.

3:00 to 4:00, sanitation and disease prevention, A. V. Taylor, with postmortem illustration.

10:00 to 10:45, practical methods and equipment for growing baby chicks, by Mr. Peterson, vocational agricultural teacher, El Paso.

11:00 to 11:45, growing and care of baby chicks, Hoke McKim.

2:00 to 2:45, feeding for egg production and housing layers, W. M. Dudley.

3:00 to 3:45, sanitation, disease prevention and postmortem illustrations, A. V. Taylor.

4:00 to 4:30, home demonstration, Miss Marie Miller.

Saturday: Show opens at 8:00 a. m.

2:00 to 2:45, lecture on capons, John Hagur, vocational agricultural teacher, Edinburg.

3:00 to 3:45, culling and blood testing, Hoke McKim.

4:30 to 5:00, sanitation, disease, prevention and postmortem, illustration, A. V. Taylor.

7:50 to 9:00, McAllen high school band concert.

**Girl Killed, Seven Injured In Crash**

EL PASO—(P)—An 8-year-old girl was killed and seven persons were injured in an automobile collision near Restlawn Cemetery Saturday.

Ruth Jeanne Beckett, 8, of Wickett, Texas, was killed and Mr. and Mrs. Henry Beckett, her parents, a 3-year-old brother, and four El Paso youths were injured.

## CANAL FLIGHT CHIEF LAUDS VALLEY PILOT

BROWNSVILLE — Lieut. Jake Smith, Brownsville, did a "good job" piloting one of the 32 U. S. army air corps planes to the Canal Zone recently, Major H. H. George, commander of the 94th squadron, Selfridge Field, Mich., stated here Saturday.

Three officers in the same formation with Lieutenant Smith were lost in a storm near the Costa Rican-Panama border and one is still missing, Major George reported.

The missing flier, he said, is Lieut. H. A. Jenkins of Selfridge Field, Mich. The other two landed on the beach.

Lieutenant Smith, however, piloted his ship through the gale. "He got down there safely, and he's getting along fine," Major George said.

"He did a good job."

The Brownsville flier is the son of Deputy Sheriff and Mrs. Bob Smith, and is a graduate of Brownsville high school and the Brownsville Junior college.

He was one of the flight party taking 32 new Curtiss pursuit planes to Albrook field, Panama City, to strengthen United States forces in the Canal Zone.

Two flight parties, one from Selfridge Field, Mich., and the other from Langley Field, Va., met at San Antonio to make the trip via Brownsville. The composite flight paused here September 1.

A Douglas B-18 bomber, and a Douglas C-39 transport, accompanying the flight, returned northward via the Brownsville airport Saturday afternoon carrying Major George, 10 officers and 4 enlisted men.

The bomber is to be returned to Langley Field, and the transport to Selfridge Field, Major George said. The fliers stopped at the Brownsville airport about an hour Saturday afternoon, and planned to spend the night in San Antonio.

## FOREIGN BOAT DUE TO DOCK

**Shipping Continues At  
Valley Port**

BROWNSVILLE — Shipping is continuing at the Port of Brownsville despite the temporary lull throughout the world caused by the European war.

Two vessels, one sailing foreign and the other coastwise, are expected here this week.

The ships are the SS Comedian of the Harrison Line, to load cotton and cottonseed meal for Liverpool, and the SS Southfolk of the Moore-mack Line, to sail for Atlantic coast ports.

Lallier and Company is agent for the SS Comedian here.

The SS Bruxelles of the Armement Deppe Line, the Philen Shipping Company, agents, sailed recently on its trip across the sub-infested Atlantic to Havre, Dunkirk, Antwerp and Ghent.

## Hayes Is Speaker For Lions' Session

SAN BENITO — Guest speaker at the weekly luncheon session held by the Lions Club at the Stonewall Jackson Hotel dining room was E. B. Hayes of Harlingen.

Mr. Hayes, who has charge of the United States Navy recruiting office with headquarters at Harlingen, gave a splendid talk on the Navy. He related past history of the navy, and described its need for a strong and well-trained membership. The Navy as a career was also discussed by the speaker. The musical program usually held at each meeting was omitted today.

## Stinson Field Sets Rates For Airlines

SAN ANTONIO—(P)—Rates for the use of Stinson Field, the municipal airport, by airlines, was set by the city council Saturday at \$200 per month for each of the first two complete schedules per day, with an extra charge of \$75 a month for each additional complete schedule.

According to the ordinance setting the rates, one landing and one take-off a day for one plane constitutes a complete schedule.

## Humans Too Anxious, Visiting Doctor Says

BROWNSVILLE — The trouble with the world today, from a psychiatrist's viewpoint, is that people have more anxiety than they need, Dr. Karen Horney, New York psychiatrist, declared here Friday afternoon.

Hetic striving to earn a living, and gain prestige, is typical of the neurotic personality of our time, she asserted. Nervous diseases are on the increase, Doctor Horney warned.

There is much strength in the American people, however, Doctor Horney asserted.

She is the author of two books, "Neurotic Personality of Our Time," and "New Ways In Psychoanalysis," and is a lecturer at the New School for Social Work in New York.

Doctor Horney arrived here by Pan American Airways from Mexico City, where she had been visiting her daughter, and left by Eastern Air Lines.

## BROWNSVILLE CLEAN-UP SET

**Week Of September 8  
Proclaimed**

BROWNSVILLE—Clean-up week in Brownsville has been proclaimed by Mayor R. B. Rentfro as the week beginning Monday, September 18.

In his proclamation Mayor Rentfro urges that residents and property owners in Brownsville "cut all weeds and brush on vacant lots, remove all debris and do his or her part toward making Brownsville a clean, attractive city, so that our winter visitors will be induced to visit us again and again in succeeding years."

Such a proclamation was suggested at the city commission meeting here Wednesday night by Commissioner Clarence Colgin, and at that time Mayor Rentfro declared he would issue the proclamation.

## Raymondville C-C Schedules Meetings

RAYMONDVILLE — Series of community meetings over Wilacy county will get under way soon under sponsorship of the Raymondville Chamber of Commerce, Chamber Secretary Harry Cook said this week.

First meeting will be held in the Turner or Santa Rosa tracts, Cook said. Program for these inter-community meetings will be furnished by local merchant-members of the chamber.

# Magnolia Speeds New Developments in La Gloria Deep Pool

## TEST ON MAUN FEE ATTEMPTS FLOW AT 7,220

Proven Fields Report New Producers

McALLEN—South Texas wildcatting picked up considerably during the past week, with most attention being given to Magnolia Petroleum company's attempts to prove crude production in the La Gloria field in southwestern Jim Hogg county. Considerable interest was shown in the Random Oil company's new northern Starr county wildcat.

Magnolia's No. 1 Dale O. Maun, Lot 11, Block 11, La Gloria Subd., Los Olmos y Loma Blanca Grant, was being given another production test after acidizing under 1,000 pounds pressure for a number of hours. Operators, who had swabbed for several hours, obtained production at the rate of 150 to 200 barrels daily, but the well would not flow. Use of acid to open up the hard sand was being watched with much interest. Production attempts were made through casing perforations at 7,220-30 feet, the sand having been cored at 7,220-31 feet. Casing was cemented on bottom at 7,231 feet.

Northern Starr Wildcat About 3,000 feet north of the Maun well, Magnolia's No. 1 E. H. Maize, Lot 16, Block 10, La Gloria Subd., was reported drilling below 3,000 feet.

In northern Starr county, Random Oil Co. No. 1 R. E. Margo, in the Margo lands out of Surveys 922 and 924, was reported drilling below 1,300 feet after cementing surface casing at 700 feet. The well is being watched closely because of its location three to four miles south of the Magnolia No. 1 Yzaguirre estate, just over the county line in Jim Hogg county. The No. 1 Margo is believed to be located where production can be expected in accordance with information obtained in the Yzaguirre test.

In southeastern Cameron county, Pure Oil Co. No. 2 Gatewood Newberry, about two and a half miles southwest of the Sal Vieja No. 1 Newberry, San Martin grant, was reported drilling past 2,100 feet on a 10,000-foot test. A slim hole will be drilled and electrical log run to determine showings.

Just across the northwest Starr county line in southern Jim Hogg county, T. S. Seibenski, Trustee, No. 1 Downs Royalty Corp., El Javali Grant, was reported to have logged the Cole sand at 955-1,050 feet and continued drilling past 2,080 feet.

In southern Starr about four miles west of Rio Grande City, Benks Miller Oil Co. No. 1 McLean et al. Lot 79, Unit 2, Vale Rico del Rio Grande Subd., Por. 75, Camargo Jurisdiction, succeeded in cutting out 4-inch casing stuck around 1,600 feet, then reamed out cement to 2,400 feet. Six-inch casing was being cemented at 1,600 feet and 4-inch liner will be set at 2,400 feet, preparatory to production test of sand at 2,316-35 feet.

Packer Test Isle

About 9,500 feet southwest of the El Tanque field east of Rio Grande City, Conan T. Wood, Trustee, No. 3 C. T. Wardner, west two-eighths of Por. 84, Camargo Jurisdiction, was shut down at 1,806 feet.

A half-mile south of the Margo shallow gas field in western Starr, Packer Petroleum Co. No. 1 H. P. Guerra, Tract 253, Por. 69, Mier Jurisdiction, cored sand at 1,340-1,408 feet with salt water and slight gas show and was shut down for orders at 1,617 feet.

KELSEY COLORADO POOLS ADD WELLS

McALLEN—New producers were reported Saturday in the Kelsey and Colorado fields in Jim Hogg and Brooks counties, as well as the Sullivan City field in western Hidalgo county, while development continued fairly steadily in other sections of the Lower Rio Grande Valley oil area.

Humble Oil & Refining Co. completed its 32nd and 33rd producers in the prolific Kelsey field in Jim Hogg-Brooks Counties and also turned in the eighth producer in the Colorado field.

At Kelsey, Humble's No. 2 J. C. McGill, southwest part of La Blanca grant, Brooks county, extended production 986 feet further north and to a point 6,700 feet north of discovery. The well cored sand at 4,687-87 feet, sand and sandy shale with oil show at 4,697-4,727 feet and oil sand at 4,736 feet, where the hole was bottomed. Casing was cemented at 4,727 feet, and the well was showing oil on production test.

Well Flows 92 Barrels

Humble's No. 25 J. C. McGill, also in La Blanca grant, gauged 92 barrels daily on 7-64-inch tubing choke with tubing working pressure of 750 pounds and closed-in casing pressure of 850 pounds. Production was from sand at 4,729-36 feet.

Humble's No. 24 J. C. McGill, an inside location, was making hole past 3,000 feet, while the No. 26 McGill, 7,930 feet north and 1,390 feet east of the southeast corner of the Kelsey-Bass Ranch; and No. 28 McGill, 8,863 feet north and 1,599 feet east of the southeast corner of the Kelsey-Bass Ranch.

In the Colorado field, Humble's No. 6 Atwood, Survey 36, 3,500 feet north of discovery, became the eighth producer for the area. With sand cored at 3,070-77 feet and casing cemented at 3,065 feet, the well gauged 83 barrels daily on 3-8-inch tubing choke with tubing working pressure of 20 pounds and closed-in casing pressure of 400 pounds.

Humble's No. 7 Atwood, Survey 36, 6,100 feet north of discovery, had spudded and cemented surface casing.

Directors of the Magic Valley Electric Co-operative, Incorporated, were elected at a membership meeting of 650 persons in the Mercedes high school auditorium this week. The directors chosen for the coming year were, left to right, B. K. Moncrief, Edinburg; B. J. Sitz, Rio Hondo; Reid Kikard, La Sars; W. H. Berry, Brownsville, vice president; Roy Powell, Mercedes, secretary-treasurer; F. B. Holland, Mission, president; D. B. Gilmore, Lyford. At extreme right is J. E. Wilder, chosen manager a few months ago.

## Famous Armed Lines Join World Wonders

By DEWITT MacKENZIE

NEW YORK—(AP)—The German Siegfried and the French Maginot lines of defense have taken their place among the wonders of the modern world.

Public interest in them is intensified by the secrecy with which the authorities cloak many of the details of these vast subterranean fortifications which stretch along the frontier. I've been asked to describe what one would see in the country between these lines. Well, that's a pretty hot spot just now, but here goes:

We are in a vast no-man's-land from 12 to 14 miles wide. To be sure there are occasional towns within this area, and in peace times it is tranquil enough. But now these towns are deserted and dead, for the quiet countryside has been turned into a hell in which men strive to take each other's lives.

All about us are the advance defenses of the Maginot and Siegfried lines—running out into no-man's-land for several miles until they almost meet. We are surrounded by pill-boxes—those little round-top fortresses of concrete which hold two or three men and spout death from their machine-guns.

radio discovery, K. D. Harrison et al's No. A-3 F. G. Trevino, Survey 38, cored the field sand at 3,052-62 feet, where the hole was bottomed, and cemented 5 1/2-inch o. d. casing at 3,053 feet. Production test was under way.

The fourth producer in the Sullivan City field in western Hidalgo County was definitely completed as an oiler, Phillips Petroleum Co. No. 1 G. G. Salinas, Share 239, Por. 40, Reynosa Jurisdiction, 1,000 feet north of discovery, gauged 150 barrels daily on 3-32-inch tubing with tubing working pressure of 600 pounds and closed-in casing pressure of 1,000 pounds. Casing perforations (31 shots) were at 4-115-25 feet.

Phillips Petroleum Co. No. 4 Rafael Flores, Tract 250, Por. 39, at Sullivan City, was digging pits and will move in at once.

In the Rincon field in eastern Starr County, W. R. Davis & Co., Houston and New York, started operations on their 12,000 acre block purchased last week from Double D. Oil Co. (Dee Davenport) of Mission and Transwestern Oil Co. of San Antonio.

Consideration in this deal was \$260,000 cash to both of the firms and a 1-16 overriding royalty on oil wells and 1-32 override on distillate wells. Davis must drill 10 wells to 4,200 feet at once and they must be completed within six months. Double D Oil Co. retained 2,646 acres in leases on the Rincon structure which were not included in this deal, while Transwestern retained 7,041 acres on the structure not included in the deal. Davis is obligated to construct a recycling plant to recover distillate area is proven large enough and the recovery from the distillate sands warrants such expenditure.

Davis & Co. No. 1 T. B. Slick Estate was the first location announced and was tentatively staked 990 feet from the west and 660 feet from the north line of Survey 229, a south offset to the Transwestern No. 1 Cameron, oil discovery of the field.

In the same field, Sun Oil Co. was rigging up to spud at once on its No. 1 Lyons, 540 feet from the east and 489 feet from the south lines of Survey 225. A company rig will be used.

In the Sun field in northeastern Starr County, Sun Oil Co. No. 3 Geo. H. Speer is rigging up on location 1,399 feet from the north and 2,332 feet from the west lines of Survey 238, 933 feet north of production.

ALAMO—Mrs. Frank Denzer underwent an operation at the McAllen hospital Monday.

Everywhere are those terrible

barbed-wire barriers upon which wounded men hang and die in heat of battle. There are emplacements

for anti-tank guns, machinegun nests, barriers for tanks and traps to capture these great steel scorpions. Here and there are mines, loaded with enough explosive to blow a regiment to kingdom come.

I see a lot of other things as well, but all it totals up to one thing—a land of horrors.

The great lines themselves? Both are attenuated underground cities. Down in those concrete caverns hundreds of thousands of soldiers live when war is on.

There we have all the necessities of the normal city. There are electric power stations, railways, living quarters, kitchens, food stores, houses, hot and cold water, ventilation systems, elevators, rest rooms and amusements. Oh yes, and there are the hospitals, fed with a steady stream of wounded from above.

And over these cities and behind them are the modern fortresses from which guns of all sorts belch fire and steel. Behind them, too, are other lines, details of which are denied to the public.

## SCHOOL BUS CARE URGED

Drivers Are Asked To Cooperate

BROWNSVILLE—With school buses operating on high ways throughout the county again, County Traffic Officer Z. M. Lee has warned auto drivers not to pass a bus discharging or loading children.

He stresses the fact that drivers approaching a school bus from the front as well as from the rear are required to stop.

State law requires that drivers approaching a bus from "any direction" halt their vehicles until loading or discharging of children has been completed.

It is best, Lee said, that the driver of a motor vehicle wait until the school bus is again in motion before proceeding, to be sure that all children are safe.

He said traffic officers intend to enforce the law strictly, and state highway patrolmen also have indicated they will watch such violations.

Conviction of violating the law carries a fine of from \$10 to \$500 or as much as a 90-day jail sentence, or both.

## CITIES, TOWNS TO PAY COSTS OF NAZI WAR

Yearly Fund Placed At \$500,000,000

By LOUIS P. LOCHNER

BERLIN—(AP)—Every German city and commune, in addition to the individual German citizens, must pay the costs of the 1939 war, according to figures revealed Saturday by two economic statistical services.

Gemeinde Und Wirtschaft, correspondence service for municipal matters, estimated 1,250,000,000 marks—about \$500,000,000—must be contributed each year of the war by the cities and communes out of their receipts from taxation.

Each month, the figures showed, the cities and communes must divert two and a half per cent of receipts from taxes on agriculture and forestry undertakings, five per cent on real estate seven and a half per cent on business and ten per cent of the tax on citizens.

While it was admitted that such estimates could not be exact, Gemeinde Und Wirtschaft said it believed "its figures conservative" and distributed as follows:

The tax on business and trade of all kinds to yield 100,000,000 marks annually for the special war chest; the citizens' tax, 130,000,000; real estate, 420,000,000; agriculture and forestry, 110,000,000.

That would total 1,360,000,000 marks. The service said the taxes were "absolutely certain" to produce at least 1,250,000,000 marks. (The minimal value of the mark is 40 cents.)

Cities and communes would not be permitted to "unload" this special war contribution payment on to individual taxpayers by increased rates. Instead, it was said, the money must be obtained from increased economy—paring down the communal expenses.

That does not mean, however, that the citizen must not pay. He must reach deep into his pocket to hand over his share through six main channels, some affecting the individual directly, others indirectly.

## Fireman Chokes Automobile Blaze With His Stetson

BROWNSVILLE—New use for a Stetson hat was found by Fireman Joe Brito here Friday night.

Fireman Brito, off duty, noticed an automobile fire in front of 107 Adams street, SE, and used his Stetson to stem the flames. He ruined the hat.

Someone pulled the fire alarm box at 11th and Adams streets, SE, a block away from the central fire station, and fire apparatus soon clogged the scene.

Dashing to the corner were Engines Nos. 1 and 3, Hook and Ladder No. 1 and Fire Chief W. C. Walker's car.

The automobile, belonging to Dr. Jose Castillo, said to have been caught on fire when wires became short circuited. Damage was limited to the wiring . . . and Fireman Brito's hat.

# Ward Grabs National Amateur Golf Championship

## Spokane Star Routs Billows In Easy Style

Succeeds Turnesa As New Titlist

CHICAGO (AP)—Marvin (Bud) Ward of Spokane, Wash., a fellow who likes to stand in there and punch until something happens, slammed his way to the National Amateur Golf Championship Saturday.

Producing a fighting game which left his opponent no quarter, Ward drove to a 7 to 5 victory over Little Ray Billows of Pugkeepsie, N. Y., in the 43rd title tournament at the North Shore course.

In succeeding Willie Turnesa of Briarcliff Manor, N. Y., as the United States Golf Association's amateur titleholder, Ward did it with such cool, deadly purpose that before the morning round was three-quarters over it seemed only a matter of time before the New Yorker—who tried to hang on gamely—would go down for good.

The final four holes furnished almost a perfect brief of the entire duel. Seven up through 27 holes, they halved the 28th. Then Billows, with one last desperate rally, won the 29th with a par as Ward missed a five foot putt that would have given him a half.

At the next hole Ward hooked to a trap, but the Spokane curlew-head came out of the sand beautifully, getting a half which enabled him to deliver the knockout punch at the 31st.

On this 190-yard hole both were on the green with their tee shots. Billows about 15 feet away and Ward knocking his to within six feet of the pin. Billows missed by a yard. Ward coolly stepped up and rammed the putt down for the hole and championship.

Ward's route to the championship started with his one up win in 20 holes over Eddie Held, Edgewater, Colo., and was followed by these victories: Chris Brinke, Birmingham, Mich., 5 and 3; Joe Thompson, Burlington, Ont., two up; Ed Kingsley, Salt Lake City, Utah, 3 and 1; and his semi-finals win from Chicago's Art Doering, 2 and 1.

## Finals Set For Balluder Trophy

BROWNSVILLE—Only one match—the 36-hole finals—remained Sunday to be played in the annual Pan American Balluder golf championship as the original field of 16 was narrowed to two survivors, M. Gomez H. and Dale Harrison.

Gomez H., a 222 pound job, Ceyanese, defending champion, will clash with Harrison in the long finals match at a date to be announced.

The two finalists survived four rounds of play among the best golfers from the Brownsville personnel of the western division of Pan-American Airways, who began the annual tournament a month ago over the Brownsville country club course.

The Balluder trophy, donated by Erwin Balluder, western division manager of the airline, will be presented by Ceyanese and presented to the new champion at a banquet to be held soon after the playing of the finals match.

Harrison reached the finals by eliminating George Matriciana 4 and 3, while Gomez H. ousted defending champion Ceyanese one up in the top match of the past week.

The winner of the finals match will keep the trophy in his possession from one year, when he also must defend or surrender it.

## Six-Man Football

SANTA ROSA—The Santa Rosa Warriors noded out the San Perita Trojans, 20 to 19, here Friday afternoon in the initial six-man football game for the two teams—all because a kick for extra point counts two points while carrying the ball across after a touchdown counts only one.

The Trojans scored early in the game and added a point by plunging over. The Warriors came back to post a touchdown but failed to add a point.

In the second half both teams were able to score markers but the Warriors sewed up the contest when they scored the winning touchdown in the closing minutes of the game.

The starting lineup for Santa Rosa: Kirchner, left end; Kleopinger, center; Lyndal, right end; Snyder, quarter; Keyes, half back; Todd, fullback. For San Perita: Calloway, left end; Johns, center; Wilsher, right end; H. Elam, quarter; Brooks, half back; Faulk, fullback.

STUART PLACE—Stuart Place defeated Los Fresnos, 14 to 6, here Friday afternoon in a practice game of six-man football.

Curtis Medley and Bobby Withers scored touchdowns for Stuart Place and Watson scored one for Los Fresnos in the last quarter.

Both teams are in the Valley six-man football conference and will open play "for keeps" this week.

## MERRY KNIGHT WINS

NEW YORK (AP)—Merry Knight, Mrs. Henry C. Phipps' big contribution to the three-ply Wheatley Stable-Belair Stud entry, Saturday won the \$10,000 added Junior Champion Stakes at Aqueduct in an exciting finish.

The colt, trained by Sunny Jim Fitzsimmons and winner only once before in seven starts, beat out George D. Widener's Young Chance by a head after the two had fought for the lead all the way down the stretch. Glorious Time, the filly owned by M. M. Morin, was third, three lengths behind the winner.

## Tennis Sensation

Welby Van Horn (above), just turned 19, upset Elwood Cooke, Wimbledon finalist, then walloped Jack Bromwich, Australian champion, in the Forest Hills tennis matches and gained the right to meet Bobby Riggs, Davis Cup star, in the finals Sunday. They are now talking about the Los Angeles lad as a coming champion. It's said he has the same stuff that Tilden and Budge displayed. This shows Van Horn coming up to the net to beat Cooke.

## Power And Reserves Should Boost Owls' Title Chances

By FELIX R. MCKNIGHT

HOUSTON (AP)—Deflated, but several shades wiser, a resolute Rice Institute squad is ready for a season dedicated to removing the nightmares of 1938.

The old guard is back—Ernie Laine, Ole Cordill and 16 other lettermen.

Tremendous power, plenty of reserves, one of the nation's great passers and a skilled kicker. Same stuff they had in 1938.

But Coach Jimmie Kitts, a young man on the spot they so conveniently furnish football coaches, wants it understood the same attitude isn't around. Pre-season predictions last year had the Owls a moral cinch for high mythical national honors. They won only four of ten games.

"If we dodge the bad luck that stayed with us last year," said Kitts,

"we should have a better club. My guard play will be stronger and better. Reserves in the backfield are decidedly better, and, for a change, I've got plenty of tailbacks."

Real Guard Play

Coach Kitts, if anything, held back a trifle on his guard play. It should be terrific and colossal. Starting at these posts will be two gentlemen who could double for tractors. Capt. Ed Singletary, a playful fellow switched from tackle to guard, weighs in at 218 and stands six feet, two inches. His partner will be Fred (Moost) Hartman, a 222 pound job who also does six feet, two inches.

Agile, these two big boys are almost speedy and pull out to do a major part of the blocking.

The guards will be of tremendous aid to a backfield which, right now probably will line up with Laine and Cordill at tailback and wingback; Bill Haner, reformed guard, at the quarterback and blocking post, and either Floyd Mecher, a veteran who laid out last year; Sophomore Whitlock Zander, or Earl Glasie at fullback. Glasie could get the nod for Vanderbilt opener Sept. 30.

Haner, an experiment, has worked well in scrimmage but veteran Hugo Stevens is available for duty at the blocking back.

"It's one of the key positions that must be filled satisfactorily," said Kitts.

Lain In Form

Laine, working his weight down to around 220, is in sophomore passing form, which was real form. He will be used to back the line. Cordill's shoulder has returned to normal. Fine soph backs including Bob Brumley, Joe Price, and Don Suman, give the backfield excellent reserve punch. Veterans Bert Selman, Billy Cline and Speedy Moore have improved.

The ends lack speed that Kitts would like, but dependable lettermen, Bob Brandon, Harold Palmer, Dick Brannon give experience to the positions. Soph Marvin Dewoody and squadmen Billy Robb and Douglas Tipton have been very impressive in scrimmage.

Injuries have started plaguing the important tackle positions. Letterman J. R. Green has an injured arm and Mitchell Sadler, a sensational sophomore, has a bad leg which may keep him out for weeks. Reinhart Stanzel is a clutch right tackle starter while Kitts is working on Don Hager, transplanted end, at the other post.

Centers? He's got 'em to burn. Veterans Ken Whitlow, Sam Flowers and Howell Husbands stop the worrying in the middle of the line.

The guards—if they perform as they started in practice, could be a whole of a difference in the general performance. Behind Hartman and Singletary come a batch of excellent reserves—J. P. Matthews, a watch charm sophomore; Livy Bassett, Andy Nobles and Arthur Goforth.

If the Rice power starts rolling early—and with confidence—the feeling is that it won't be stopped.

## St. Mary's To Play San Francisco Today

SAN FRANCISCO (AP)—Football teams of St. Mary's University of San Antonio and the University of San Francisco, fire the opening shots of the major college season here Sunday in a game expected to draw 10,000 fans.

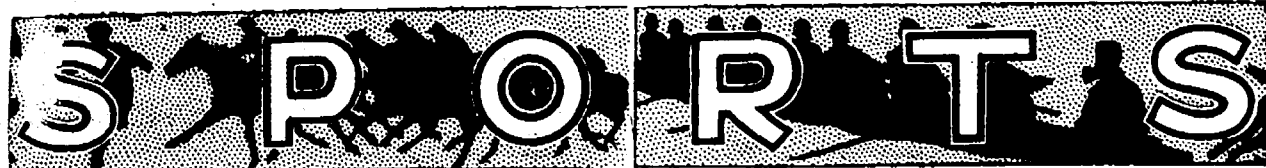

San Francisco, fielding what shapes up as its strongest team in years, will line up favored to outscore the Texans for the third successive season.

LOUIS CONFIDENT

DETROIT (AP)—Joe Louis predicted Saturday night that he would stop Bob Pastor within five rounds when they meet in a 20-round engagement Wednesday night in which Louis' heavyweight crown will be at stake.

"I don't intend to name no round when I'll do it," he explained, "but I don't believe the fight will go more than five."

## Coach Conover Needs Help In Few Positions

BROWNSVILLE—With only eight positions on his 1939 edition of the Brownsville high school Eagles definite, Coach Brooks Conover faces the task this week of picking three more starters and some hefty substitutes from his field of 40 Brownsville grid aspirants.

The Eagles, upper bracket Rio Grande Valley champions in 1938, will open their 1939 schedule against the Weslaco Panthers Friday night in Weslaco.

Perfection of an offensive, which in practice has appeared to be a difficult task, will continue to occupy the attention of Conover and Bob Jackson, assistant coach, during the next four days of practice before the Eagles invade Weslaco for their inaugural game.

Center Guards Needed

From about seven possibilities, including two boys out of junior high school and four or five squadmen of last season, Conover must complete his starting string before the Eagles finish practice Thursday night.

The problem of finding centers and guards is the biggest riddle facing Conover. Fourteen of Brownsville's last year squad was lost by graduation, and only three linemen are included in the eight returning lettermen.

Conover will depend on the services of Joe Hahn, Wilkes Barnard, Robert Armstrong, V. L. "Speedy" Stuart, and A. J. Petrarca for his backfield power, while the two tackle-liners, Rodriguez and G. Gutierrez, and end J. Zavala will bolster the Eagles' present weak line.

Heavier This Year

Average weight of the team is several pounds more than the one which last year nearly won the Valley championship, and Conover believes if he can fill in those spots lacking in the line the Eagles may cut a wide swath across Valley grid-irons again this year.

The Eagles' first home game will be Friday night, September 23, when Brownsville plays host to the Donna Indians in a non-conference game. Brownsville's first 16-A-A conference game will be with the San Benito Greyhounds at San Benito October 13.

## Rifles To Play Cafe Nine Today

BROWNSVILLE—The Mission 30-30 Rifles and the Brownsville Texas Cafe will tangle in an exhibition game Sunday at 3:30 p. m. in Charro Park.

As a result of two forfeits given to the Mission team by San Benito and earlier in the Rifles and Texas Cafe have finished the season in a tie for first place.

Only one more game of the regular season schedule remains, that will be played Sunday between the Harlingen H and H and Comales unless the two teams decide to play it at a later date. The result of this game will not affect the standing of the first place teams.

The play-off for the Valley Semi-pro championship between the Mission 30-30 Rifles and Brownsville Texas Cafe will start on Sunday, September 24, with a double header at Mission.

The winner of three out of five games will be declared champion of the Valley Semi-pro League.

## Arkansas Porkers Appear Really Dangerous Outfit

FAYETTEVILLE, Ark.—(AP)—No "it's and and's" about it, the Razorbacks, a massive bunch of mountain men, are as dangerous as any team in the Southwest Conference this fall.

A giant line, suspected of averaging close to 215 pounds, is the rock wall behind which the famed Arkansas aerial game will function.

Coach Fred Thomson isn't saying too much about his Porkers—but the other six coaches of the Southwest Conference don't hesitate to squirm when Arkansas is mentioned.

"There doesn't seem to be any particular reason why my backfield should be a great deal stronger than it was last year," says Thomson, "but the backs did a fine job in '38 and they're nearly all back again this fall."

And the line?

"In three-fourths of our games last year, our line gave little to the opposition. Many of the players should be better with an added year's experience."

Thomson has a hunch that if the Porkers get by Texas Christian in their opening conference game Oct. 7, they will be right in the middle of the pennant race.

"If we lose that game, it's unlikely we will be strong enough to repeat our 1938 feat of dropping the opening game, to TCU and then winning the title."

Taken apart, the Razorbacks look extremely good by positions. Tailback Kay Eakin will be back with his passing, kicking and running, while Ray Cole, blocking back, and Ray Scalet figure to start. Gloyd Lynn, who has been doing some fancy passing, will vie with Ralph Atwood and Walter Hamberg, seat backs, for the other post.

Center work will be handled by Zeylon Holly, veteran, and Daryl Cato, a sophomore pushing hard for a starting position.

Veteran Wilfred Thorpe and Milt Simington will start at guards, ahead of Sam Parker, A. J. Yates, a reformed end and a crew of sophomores.

Two giant tackles who suffered periodic injuries throughout last fall, Saul Singer and Jim Carter, are wrestling for the left tackle assignments. Duddy Mays, light lineman at 200 pounds, is a cinch right tackle starter.

"Fans were still thinking about Jim Benton and Ray Hamilton (who graduated after the 1937 season) when they failed to notice fine end play last fall," said Thomson. "I believe our ends, Howard Hickey, Maurice Britt and John Freiberger, will rank with the best in the nation."

Two long-time California rivals, Alice Marble and Wendell Jacobs, reached the women's final. Alice, the defending champion, scarcely got a warm up in turning back Virginia Wolfenden of San Francisco, 6-0, 6-1, and Helen disposed of Kay Stammers of England, 7-5, 6-0.

The first set between Miss Jacobs and Miss Stammers possibly was the worst tennis seen in a national semi-final since the girls quit playing in bustles. There were nine consecutive breaks in service, among other things. On her form, Miss Marble should dust her off very handsily in the final.

## Bullpups Facing New Season With One Letterman

McALLEN—If ever a coach needed a crying towel or a bucket of aspirin, it is Coach Jonny Ross of the McAllen Junior High Bull Pups.

When his lads take the field against Raymondville at the Union City next Thursday, he will be able to place only one letterman in the lineup against the Bear Kittens. Joe Corso, husky guard from last year, has been shifted to the backfield this year and the opening game will probably find him at the number three spot. He is the only letterman returning, although Coach Ross has three squadmen returning.

They are Levermann, back; Wilburn, center; and Smith, guard. All squadmen from last year's team are expected to play an important part in this year's combination.

The Bull Pups will be lighter but faster than the team last year that had a highly successful season. Reserve strength, which has been lacking during the past two seasons, is in evidence as more than 30 boys are in uniform each afternoon. Passing, punting, blocking, tackling and signal drills have been in order each afternoon, with Ross usually finishing the day's work with a short scrimmage.

Besides Corso and the returning squadmen, boys showing up well to date are Kyler, Dean, Davis, Knops, Hatfield, Alexandro, Caldwell and William Edmonson, red-headed transfer from Oklahoma.

Junior high schools of the Valley are divided into two brackets, upper and lower, with winners of the two brackets meeting the night of November 23 to determine the Valley championship.

The upper bracket is composed of Mission, McAllen, Donna, Pharr-San Juan-Alamo and Weslaco. The lower bracket: San Benito, Harlingen, Mercedes, Brownsville, and Raymondville.

San Benito, always a strong contender for the title and last year's champion, is again a favorite to take the crown in the lower bracket, while Mission seems a little too strong for the others in the upper district.

McAllen schedule: September 21—Raymond there; September 28—Mercedes there; October 5—Brownsville here; October 12—Open; October 19—Donna there; October 26—Weslaco here; November 2—Edinburg here (non-conference); November 9—P-S-J-A here; November 16—Mission there; November 23—Playoff between winners of upper and lower brackets.

## L.S.N. Demons Beat Centenary

SHREVEPORT, La.—(AP)—Louisiana State Normal's Demons handed Centenary College Gentlemen a 15-0 defeat in the season opener here Saturday night.

Led by Wiggins and Broucher the Demons held the upper hand throughout the contest, scoring a field goal early in the second quarter on a place kick by Saucier from the Centenary twenty yard line. Later in the same period Normal pushed over a touchdown with Wright catching a pass from Kirkpatrick for the score.

The Demons failed to score in the third quarter but pushed over their final marker midway in the fourth quarter. After repeated gains, Wiggins plunged over from the Centenary three yard line.

KELL TO GREEN BAY

GREEN BAY, Wis.—(AP)—Paul Kell, varsity tackle at Notre Dame, has signed with the Green Bay Packers of the National Football League for the 1939 season.

## Comintras Play Mercedes Lions

MERCEDES—The Comintras of Mexico City, one of the leading baseball teams of the Southern Republic, will meet the Mercedes Lions in a double-header at Lions Park here Sunday afternoon with the first game scheduled to start at 2:30 o'clock.

The Lions will be augmented by a number of players from the Harlingen H and H team and it is expected that the combination of players from the two Valley teams will be able to give the Comintras a tough battle.

Dan Rios, star hurler for the H and H club, will be on the mound for the locals and will be opposed by Manuel Nevarez. The manager of the Comintras has offered Rios a contract to pitch for the Mexico City team and he is expected to sign a contract and take a while at baseball in Mexico.

In the second game, Johnny Guerrero, former hurler for the Harlingen Hubs, will be on the mound for the Comintras with A. Lozano pitching for the locals.

# New York Yanks Clinch American League Pennant

## Russo Pitches Champs To Win Over Detroit

### Red Rolph's Hitting Big Help

NEW YORK (AP)—The American League pennant race was definitely settled Saturday with the New York Yanks lashing the Detroit Tigers 8 to 5 and clinching their fourth consecutive championship.

Actually it made no difference if they won or lost, because the second place Boston Red Sox were defeated by Cleveland to automatically fade out of the race.

But the Yankees wanted no repetition of last year's windup when they were handed the flag September 18 while losing a doubleheader to the hapless St. Louis Browns.

They took full advantage of 11 hits and three Detroit errors with Robert (Red) Rolph hitting a triple behind loaded bases and a double with two runners in scoring position to sew up the decision in the seventh and eighth innings. These were Rolph's 200 and 201st hits of the year.

Rookie Marius Russo, the southpaw who came up this summer from Newark, worked the route for his seventh victory and sixth in a row.

That was the second time in major league history a team has won four successive pennants. The New York Giants did it in the National League between 1921-24 while managed by the late John McGraw.

The Yankees have won 11 American League championships.

### INDIANS 2; RED SOX 1

BOSTON (AP)—A three-way battle for runner up to the Yankees in the American League developed Saturday as the Cleveland Indians edged the crippled Red Sox 2 to 1, for their fifth straight victory to make a clean sweep in the three-game series with Boston.

With New York having captured the pennant, interest focused on the fourth-place Indians' tremendous final drive to challenge the Red Sox and Chicago White Sox, which have been the best bets to date for second money.

## Tony Proves Two Things

### He's Tough and He's Fast

NEW YORK (AP)—Tony Galento, the former heavyweight champion, proved two things Saturday night when he defeated Lou Nova, the former welterweight champion, in a technical knockout in the fourth round of their fight for the American League pennant.

Shown is Lou Nova, down on his knees in the fourth round in his bout with Tony Galento. The next round, after this picture was made the fight was stopped awarding Galento a technical knockout. Note Nova's badly damaged eye. (Acme Telephoto.)

## Dallas Rebels

### Fight Way To Final Playoff

DALLAS (AP)—The Dallas Rebels marched into the championship playoff of the Texas League Saturday night on young Boyd (Jelly) Sorelle's masterful 3-0 taming of the San Antonio Missions.

Sunday afternoon at Dallas the ancient rivalry between Fort Worth and Dallas, dormant in baseball for the past 14 years, will be revived in the first of a four-out-of-seven-game series for the title and the right to play in the Dixie Series.

Sorelle, using a curve and fast ball to perfection, choked off everything that looked like a "San Antonio" threat. Never was he actually in serious danger of losing a two-run lead the Rebels gave him in the second inning.

Lefty Bob Uhle will hurl the opener for Dallas Sunday while the veteran Fred (Firro) Marberry, once the relief ace of the major leagues, will start for Fort Worth.

The season's record crowd of 10,183 witnessed Saturday night's game, the fifth of the series. San Antonio took the first two and then dropped three in a row. Hal B. Lee, Dallas left fielder, was greatly responsible for the sudden Dallas surge, collecting 16 hits out of 20 times at bat in the series for an amazing .800 average.

# MARINE CORPS EXPANDS U. S. BATTLE FORCE

6,000 More Men Will Take Up Arms

WASHINGTON — (AP)—Revised army-navy plans for defense of the Western hemisphere, military sources reported Saturday, include expansion of the marine corps' mobile, hard-hitting fleet marine force.

President Roosevelt's limited national emergency decree to safeguard American armed neutrality gave the marines 6,000 additional men, the largest relative increase of any of the armed services.

Most of the reserves recalled to active duty and the men who are being recruited will go into the marine force.

The force now numbers only 4,478 officers and men, including fliers, only a fourth of war strength. The additional officers and men will swell it to double this figure. The force is divided now between bases on the Atlantic and Pacific coasts, with one brigade each at San Diego, Calif. and Quantico, Va.

New equipment for which congress provided funds, such as specially-built boats for landing men and five-ton tanks on a beach, already have been tested in war games.

The marine corps has opened a 14 new enlistment stations for expansion in line with a recommendation by General Malin Craig that the army create five mobile divisions, available to reinforce quickly garrisons at the Panama canal, Hawaii or other exposed positions.

## ADVERTISING IS REPORTED

Firm's Expenditures Announced

HARLINGEN — Sears, Roebuck and Company newspaper advertising expenditures in Texas during 1938 amounted to \$444,581, according to A. L. Benoist, Harlingen store manager.

Benoist said this figure represented an increase of about 8 per cent over the 1937 expenditures in the same field, and in terms of newspaper space it represented 4,541,831 lines.

Survey from which the Texas figures were taken revealed, Benoist said, that in 1938 Sears spent \$10,748,176 for advertising space in 871 newspapers in 47 states and the District of Columbia, representing a total of 74,771,917 lines of space, and making Sears one of the largest newspaper advertisers in the entire country.

"From the time the company first entered the retail field in 1925 we have found the newspaper a most satisfactory advertising medium," Benoist said.

## Some Name!

SS Comedian Booked At Brownsville

BROWNSVILLE — Whatever's a name undoubtedly doesn't apply to the SS Comedian of the Harrison Line scheduled to dock September 21 at the Port of Brownsville to load for Europe.

The ship is to lift cottonseed meal, and possibly cotton, for Liverpool, England. F. W. Hofmeyer, director of the Port of Brownsville, announced Friday.

There is irony in the vessel's name, Comedian, because the ship will have the risky task of trying to evade mine and sub-infested zones to reach English shores.

Lattier and Company, is agent for the line here. The SS Comedian will be the first Harrison Line ship to dock here.

## Experiment Tract Is Sought By FFA

MERCEDES—The local chapter of the Future Farmers of America is looking for a two-acre tract near the city as a sort of "laboratory" in which to push their farming studies.

The matter was discussed at this week's meeting at which officers for the year were chosen. Officers selected were: C. W. Schwarz, president; Morris Borchelt, secretary; B. L. Schwarz, treasurer; Billy Earle Smith, reporter; Ralph Lilly and Loren Borchelt, watch dogs; Edison Wann, parliamentarian; Harold Schwarz, historian; Ray Wilson, song leader.

## Willacy Lumber Firm To Enlarge

RAYMONDVILLE — Frame extension 38 by 68 feet was started this week at the Raymondville Lumber Company, under supervision of Contractor Wayne Stephens. Officials said the hardware department of the lumber company will be moved into the addition.

Another building will be added to the east side of the original building, officials said, and the central building razed.

## Three New Bridges Slated To Be Built

RAYMONDVILLE — Three new bridges will be constructed by the International Boundary Commission over the new pilot channel in the floodway, according to permission granted this week by the commissioners at this here.

Bridges will be 360 feet, and will be built at the Cameron-Willacy county line, at a point five miles east, and at the Paso Real Road.

SECTION TWO

## Women's Board To Gather

HARLINGEN—Mrs. O. E. Stuart, president of the Valley Federation of Women's clubs, has called a meeting of the executive board for Tuesday, September 19, at her Stuart Place home. Luncheon will be served.

Principal interest of the business session will hinge around plans for the semi-annual convention of the Valley Federation to be held in Rio Grande City October 24. Letters of acceptance have already been received from Mrs. Joseph Perkins, Eastland, president of the Texas Federation, and Mrs. J. T. Vance, Refugio, Fifth District president, who were invited to take prominent parts on the day's program. Other notable speakers are to be presented.

Mrs. Perkins is to be in the Valley for three days and has already accepted invitations from club women in Harlingen, Brownsville, and Rio Grande City.

Mrs. Stuart will preside for the first time as president of the Valley Federation at the meeting next month.

Complete roster of elective and appointive officers for her two-year administration follows:

First vice president, Mrs. O. L. Byrd, San Benito; second vice president, Mrs. Eugene Catlett, McAllen; third vice president, Mrs. Henry D. Lauderdale, Mercedes; secretary-treasurer, Mrs. E. Q. Farris, Mercedes; corresponding secretary, Miss Ruth Wylard, La Feria; parliamentarian, Mrs. Volney W. Taylor, Brownsville; chaplain, Mrs. E. C. Phillips, Pharr; art, Mrs. Clair Packer, Harlingen; civic, Mrs. Willie A. George, Brownsville; constitution and by-laws, Mrs. Lamar Gill, Raymondville; credentials, Mrs. R. A. Dennison, Weslaco; educational loan fund chairman, Mrs. J. J. Murray, Harlingen; educational loan fund treasurer, Mrs. H. D. Lauderdale, Mercedes.

Historian, Mrs. Percy Herman, McAllen; home demonstration, Mrs. Marshall M. Walden, Mission; hospitality, Mrs. E. S. Lammers, Alamo; junior clubs, Mrs. Fred A. Booth, San Benito; library, Mrs. John O. Prentiss, San Benito; literature, Mrs. Floyd Langford, Mercedes; memorial, Mrs. Carl Schwedes, Weslaco; music, Mrs. Orville I. Cox, McAllen; publicity, Mrs. W. F. Gilbert, San Benito; program, Mrs. Florence J. Scott, Rio Grande City; resolutions, Mrs. Charles E. Thompson, Edinburg.

## Parents Tell McAllenite's Engagement

McALLEN — Mr. and Mrs. W. H. Covalt announced the engagement and approaching marriage of their daughter, Mary Elizabeth, at a party given at their home last week.

The McAllen girl will marry Floyd Stanley Wood of Mission, son of Mr. and Mrs. F. S. Wood of Colorado Springs, Colo., at the First Methodist church here October 15 at 9 a. m.

Rev. F. H. Hamner, pastor of the church, will perform the ceremony. The announcement was made on a white scroll tied with blue ribbons on the refreshment plates. Bouquets of purple bougainvillea decorated the decorative note for the rooms where games were played during the evening.

Among those present were Allene Grimes, Isabel Grimes, Vivian Peterson, Dorothy Young, Elsie Steinman, Lucy Jo Thompson, Dorothy Lockhart, Mrs. Ernest Seal, Mrs. Vernon Miller, Mrs. C. E. Dockum and Mrs. M. E. Collier.

## Mrs. Irene Taylor Honored By Group

WESLACO—Mrs. Ralph Swanzy was hostess to the study group of the Business and Professional Women's club. A pleasing program of poetry was given with a quiz won by Mrs. Frances Randall as a unique feature.

Following the study, the group honored Mrs. Irene Taylor with a going away party. Games were enjoyed and Mrs. W. C. Baxter presented a gift to the honoree.

## Couple Entertain With Bridge Event

ELSA — Mr. and Mrs. Wm. Hughes entertained Wednesday at Hu-Haven with three tables of bridge. Mrs. O. K. Dickinson was winner of top score.

A streets course was served by the hostess to Mr. and Mrs. J. C. Sammons, O. K. Dickinson, J. P. DeWald, A. L. C. mer, Albert Hughes, Mrs. Burton Hughes, Denny Gilnes, and Wm. Hughes.

## Motor to Austin

LA FERIA—Mrs. V. L. Roland, Miss Helen Roland, and Mrs. Hugh Davis left Friday for Austin where Miss Roland will enter the University of Texas as a junior student. Mrs. Davis will visit her parents, Mr. and Mrs. John McClane.

## To Spend Winter

PHARR—Mr. and Mrs. Charles LeVane of Ardmore, Oklahoma, arrived Thursday to spend the fall and winter seasons.

## In San Antonio

HARLINGEN—Mrs. P. G. Greenwood is in San Antonio for a few days stay.

Photo by Holbrook

Mrs. E. C. Deering, snapped by the camera in the photo above with her little daughter, Dorothy Jean, formally assumed her post as president of the Rio Grande Valley Art League at the annual assembly luncheon Monday at the Reese-Wil-Mond Hotel. Mrs. Deering, prominent in club and social circles, is the wife of the superintendent of schools in Harlingen.

## Old McAllen Club Holds First Meeting

McALLEN—One of McAllen's oldest clubs, the Priscilla began its 20th year of meetings Friday when Mrs. Ashley Cawthon entertained the members in Pharr with a covered dish luncheon at her home.

The scene was gay with brightly colored pottery services and place cards used on quartet tables laid in the living room. Flowers of similar hues completed the effectiveness of the ensemble.

Among those attending were Mrs. Charles Jones, Mrs. Clay Zachry, Mrs. M. L. Kreidler, Mrs. J. E. Lee, Mrs. N. E. Nelson, Mrs. Ed Mathis, Mrs. O. K. Gilvin, Mrs. W. H. Moon, Mrs. F. E. Osborn, Mrs. George Gaddy and Mrs. Carl Nelson.

## Shower Is Feature Of Joint Session

DONNA — Miss Meredith Matteson was hostess Wednesday night to the members of the young peoples groups of St. Joseph's Catholic Church when she arranged a surprise shower for Edward Badaux, one of the members whose home was destroyed by fire recently. Following the business meeting, the evening was spent playing "Michigan." The hostess served refreshments to Alice Eining, Irene Eining, Betty Springob, Anita Forrest, Joe Renee, James Shaw, Ivo Shoppe, Delbert Eining, Ralph Eining Myron Matteson, Edward Badaux, and Mr. and Mrs. Cleo Vineyard, all members; and Sally Weaver, Imogen Weaver, and Avery Cotton, guests, and Father Thuey.

## Club Is Entertained By Mrs. Dorland

MERCEDAS — Mrs. L. R. Dorland entertained her bridge club on Wednesday afternoon at her home on Texas Avenue. Mrs. M. A. Borcht claimed high score honors in the games of contract.

Mrs. E. G. Smith was a guest and the following members were present: Mesdames A. E. Krausse, George Rippert, Jesse May, J. Mohler, Jesse Brothers and Don Hamilton.

The losing side, in a club contest, will be the hostess group for a party soon, honoring the husbands of the members.

## Tip Toppers Club Honors Mrs. Jenkins

MISSION—A compliment for a recent bride, Mrs. Winston Jenkins, was the notable feature of this Thursday evening courtesy when the Tip Toppers met at the home of Mrs. W. B. Harris. Mrs. Jenkins, the former Miss Marguerite Daniel, is a charter member of the organization. She received a gift of silver in her chosen pattern, from the club.

At refreshment time, Mrs. Harris served a dessert course. Miss Kathryn Hooks, Mesdames W. E. Wood, Tom Vessels, Harry Kelfer, R. D. Beane, Griffin, and Jenkins.

## Mrs. Dan Coates Is Bridge Hostess

WESLACO—Mrs. Dan Coates was hostess Friday for a lovely bridge affair at her home having as guests members of her club. The living rooms were gay with roses and zinnias in various colors. After an interesting series of games the hostess served a salad plate to Mrs. Helmers Van Horne of Lincoln, Neb., a winter guest in Weslaco and a club guest and Mesdames Charles Pearre, John Lake Couch, Harry Ratliff, Joe Wilson, Cecil Stevenson, Ted Sneed, and Bruce Walker.

The engagement and coming marriage of Miss Marjorie Olivia Palmer to Frederick Rowell Hiesermann, son of Mr. and Mrs. W. F. Hiesermann of San Juan, is being announced today by her mother, Mrs. Annie Palmer. The wedding, which will be of interest throughout the Valley, will be an event of mid-autumn.

## Recent Bride in Mission Complimented With Courtesy Of Special Interest Friday

MISSION—Claiming an outstanding place on the week's social calendar for the Upper Valley was the gracious compliment extended to Mrs. Winston Jenkins Friday afternoon. Mrs. R. N. Smith entertained with a miscellaneous shower for Mrs. Jenkins, the former Miss Marguerite Daniel, whose marriage was an event of last week.

The guests were greeted in rooms decked with graceful arrangements of yellow blossoms. In the living room, great clusters of yellow esparanza were featured and the same flowers were used with blue plumbago blossoms in the gift rooms.

Mrs. E. V. Sprowl was at the door to greet the guests as they entered. In the receiving line were Mrs. Smith, Mrs. Jenkins and her mother Mrs. E. T. Daniel, and Mrs. Floyd Ennis of Donna. Mrs. Jenkins was lovely in a dinner dress of pale blue, worn with a corsage of pink rosebuds. Mrs. Smith wore a similar corsage with her black satin gown.

Mrs. Daniel's frock was of black lace, worn with a corsage of yellow pom pom chrysanthemums. Mrs. Ennis was in maroon taffeta and her flowers were white asters and rosebuds. Mrs. Sprowl's frock was blue chiffon and her flowers pink roses.

Mrs. T. R. Burnett, wearing black lace and a corsage of deep red roses, showed the guests to the gift rooms. Other members of the house party alternated in the gift rooms and in the dining room and included Mrs. Levi Walker, Mrs. W. B. Harris, Mrs. Thomas Robertson, Mrs. Charles Anderson, Mrs. Tom Vessels, Miss Kathryn Hooks, all of Mission; Mrs. William Doyle and Mrs. Gene Davis, McAllen.

The guests registered in a lovely bride's book of white leather, embossed in gold. In the dining room, the exquisite arrangements of crystal and silver on the lace-laid table were accented with yellow decorations. A low crystal bowl held waxy blossoms of yellow allamanda and was flanked at each end by crystal candelabra which held tall yellow tapers. The dainty refreshment courses further reflected the chosen theme.

One of the prettiest brides of the fall was Mrs. Maurice B. Cramer of Clare, Mich., the former Miss Dorothy Horn of McAllen, whose marriage was solemnized Tuesday at the First Presbyterian Church. The groom, a former Pharr man, son of Mr. and Mrs. C. B. Cramer of that city, is employed as a petroleum engineer in Michigan. The young couple left immediately for the north after a reception given in their honor at the home of Mr. and Mrs. Jack Howell, with whom the bride has always made her home.

## Dinner Given As Farewell Hospitality Austin Guests Feted During Valley Stay

HARLINGEN — A going-away party for Miss Betty Burdette was the enjoyable Mexican dinner given Thursday evening by Miss Beatrice "Skeets" Johnston, at the home of her parents, Mr. and Mrs. W. Edgar Johnston, 918 E. Tyler. Vivid hues of red, green, and yellow were accented in decorative details to interpret the Mexican theme. Chosen blossoms were red roses.

Guests were seated for the dinner of savory Mexican foods at quartet tables appointed in the chosen colors and having as favors unique pencils to reflect the collegiate idea. A shower of handkerchiefs for the honoree was a special feature.

Assisting the young hostess during the evening was her sister, Miss Gladys Johnston. Guests were Misses Frances Huffman, Fern Williamson, Betty Burdette, Freddie Jackson, Kathleen Carter, Eleanor Reeves Crockett, Billie Faye Trammell, Chick Amidon, Margie Harwood, Dorothy Lloyd, and Dorothy Carlisle.

BROWNSVILLE — Mr. and Mrs. Walter Wilcox who depart today for Austin after spending the past ten days here with Mrs. Wilcox's mother, Mrs. Lena Gay More, have been extensively entertained during their visit here.

Thursday evening Mr. and Mrs. Herbert L. Thomas were hosts honoring the Wilcoxes at a barbecue supper in the patio of their home.

About twenty-five attended the affair, all intimate friends of the honored pair.

Friday Mrs. A. Terrazas entertained with a small luncheon naming as honoree Mrs. Wilcox.

Parties for the popular pair have been as a rule small and informal, and particularly enjoyable.

Mrs. Wilcox before her marriage about a year ago was Miss Dorothy More, youngest of three charming sisters.

## Valley Presidents For Girl Reserves Guests In Weslaco

WESLACO—Miss Hazel Jean Emmons was hostess to club presidents and sponsors of the Girl Reserves at her home Tuesday night. Miss Delis Thompson, sponsor at Camp Glen Rose near Kerrville gave some interesting highlights of the encampment.

Miss Isla Lou Perry, Harlingen, president of the Council of Valley Wide Girl Reserves presided.

Twenty enjoyed the pleasing event arranged by Miss Emmons who is immediate past president of the Valley council.

## Mrs. Arthur Swaim Is Bridge Hostess

McALLEN—Mrs. Arthur Swaim was winner of the high score award when the Sunny Border bridge club met at the home of W. D. Baden Wednesday afternoon. Vases of lovely roses adorned the reception rooms. Mrs. J. E. Yarbro was a special guest.

A tempting salad course was served to Mesdames Ray Erickson, Arthur Swaim, W. T. Toney, Jr., C. C. Miller, O. M. Stetson, M. A. Ingram, Virgil Clark, J. E. Yarbro and the hostess.

Next meeting of the club will be Sept. 27 with Mrs. Toney as hostess.

## Leave For College

HARLINGEN—Miss Betty Amidon left Friday for Dallas to accompany her younger sister, Charlene, who will enroll at Miss Hockaday's school for girls. The elder Miss Amidon will continue to New Orleans to resume her studies at Sophia Newcomb College. The Misses Amidon are daughters of Dr. and Mrs. Charles A. Amidon of Adams Gardens.

## Alamo Circles Meet

ALAMO — Circles number one and two of the Alamo Community Church Ladies Aid met in the church parlors Wednesday noon for a covered dish lunch. There were fourteen members and three visitors at Circle Two and eight for Circle Three.

Staff Photo.

An interesting visitor in Brownsville is Miss Mavis Thirlwall of Lima, Peru, shown right, who is the guest of her sister, Mrs. Frank Fields, shown left, and Mr. Fields. Miss Thirlwall will spend two weeks in the Valley and will be accompanied as far as Cristobal by her sister on her return.

Mrs. Lloyd S. Parker of Abilene is the former Miss Kathryn Throckmorton, daughter of Mr. and Mrs. R. E. Throckmorton of Midland. Her marriage to the former Olmito man took place in Midland Friday. Mr. Parker is the son of Mr. and Mrs. J. Lloyd Parker. He has been residing in Abilene for the past two years.

## Ex-Valleyite, L. S. Parker, Weds Kathryn Throckmorton In Midland Church Ceremony

MIDLAND — In beautiful and solemn rites, Miss Kathryn Throckmorton, daughter of Mr. and Mrs. R. E. Throckmorton of Midland, and Lloyd S. Parker of Abilene, formerly of Olmito, were married in the First Methodist church here Friday morning at 10 o'clock. Aspidistra plants and wrought-iron vases of gladioli decorated the altar.

Two seven-branched candelabra of the wrought-iron held aloft burning white tapers.

Rev. W. C. Hinds, Methodist pastor, read the single ring service. Mrs. Holt Jowell, pianist, played the pre-nuptial hymn and accompanied Mrs. De Lo Douglas, who sang "Oh Promise Me." Mrs. Jowell also played the "Bridal Chorus" from Lohengrin as the processional and Mendelssohn's wedding march as the recessional and "Ah, Sweet Mystery of Life" softly during the ceremony.

The bride, who was given in marriage by her brother, Bob Throckmorton, wore royal blue chiffon velvet made on fitted lines with a street length skirt with bustle back. Sleeves of the gown had soft shirring at the shoulder and shirring was introduced into the front of the bodice which had a draped neckline. She wore a matching turban, navy shoes, and white doekin gloves, and her flowers were two orchids. As something old, she wore a cameo which had belonged to her grandmother.

Mrs. Gerold Bartley of Midland, amron of honor, and Mitchell Parker, Baylor University student and brother of the bridegroom, as best man were the only attendants.

Mrs. Bartley wore a maroon chiffon velvet frock made on tailored lines. Her accessories were black and she wore a shoulder corsage of white gladioli.

Mothers of the bride and bridegroom wore gardenia corsages, while Mrs. Jowell and Mrs. Douglas had corsages of pink pompon asters.

Following the ceremony a reception was held at the home of the bride's parents, 1911 W. College, about two weeks.

## Cultura Club Has Luncheon In La FERIA

LA FERIA—A luncheon was held Thursday to mark the initial meeting of the year for the Cultura Club in the Methodist annex. Mrs. J. L. McNail, Mrs. R. R. Stephenson, Mrs. R. F. Graham, and Mrs. R. P. Roach formed the hostess group for the lovely affair.

The club colors of pink and green were effectively carried out in the table decorations. Mrs. H. H. Hensley, president, was in charge of the business session that followed the luncheon.

Present were Mesdames H. H. Hensley, R. L. Clayton, J. P. Bond, Clyde Haws, L. L. Clark, A. E. Branch, B. E. Coleman, J. C. Lovern, and R. E. Morris.

## Currys Leave

BROWNSVILLE — Mr. and Mrs. R. N. Curry, leave today for San Angelo where they will visit their parents. They will visit Carsbad Caverns also, and plan to be gone about two weeks.

## This 'N' That

By Minnie Gilbert

THOUGH the weather is unchanged, summer is definitely over.

As though the opening of school were the signal to start, Valley women have thrown off summer's lethargy and are busy with clubs, meetings, and a few parties, not to mention getting the children to and from school, fed, and through homework.

With Thanksgiving still a somewhat doubtful date, many homes are finding it difficult to plan for holiday visits by college sons and daughters.

Easiest solution, probably, will be two turkeys.

Next Lenten season, it appears, will be unusually early. Perhaps prospective Easter brides should send to the White House the date they'd like for their weddings.

PROMPTNESS with which Miss Ruth Clark, secretary in the chamber of commerce office at McAllen, furnished the information we broadcast a request for last week probably will result in other queries in this column.

Responding to our request for information as to the exact use of papayas in tenderizing meat, Miss Clark writes:

"According to a pamphlet, 'The Papaya,' by John M. Scott, he says, 'The digestive properties of the papain are well recognized by the natives of India, who wrap papaya leaves around a piece of meat in order to make it tender.'"

"An article by J. H. Welch in Citriculture is as follows: 'A resident of the Lower Rio Grande Valley told this writer the other day that his wife had long made a practice of laying papaya leaves, or rubbing papaya juice over steaks or chops, with the result that upon serving they seemed like considerably finer cuts than they really were. It is customary in the tropics to keep fowls in papaya leaves overnight before cooking.'"

"I have heard also," Miss Clark concludes, "that it is good to bruise the leaves and wrap the meat in them. The bruised leaves allow the juice to run onto the meat."

If food prices take the upward trend that many predict, Valley homemakers may find a few papaya leaves might help keep the budget in hand.

IT'S probably because long-remembered scenes always look better in retrospect that we believe a typical Mexican jacal, its mud-walls whitewashed a glaring white, its windows laced with slender iron bars, and its roof thatched in primitive style would be an ideal setting for a roadside tea room or restaurant.

Of course, heating and lighting would necessitate some modern adaptations, but the effect of an old-time, carefully built and immaculately kept jacal ought to have a lot of appeal.

It's impossible to find a really good home of this sort in the Valley now, though a drive along the Rio Grande, especially on the Mexican side, will furnish some excellent, though somewhat dilapidated examples.

We've been told that an especially picturesque group of oldtime jacals are yet to be found at the Crumb dairy near Harlingen.

MORE than the customary number of notables in many fields, including the arts, are scheduled to appear before Valley audiences during the coming winter.

Folks who read Dale Carnegie's book to get pointers on how to make friends and influence people probably will flock to get his recipes first hand when he is presented in the municipal auditorium in Harlingen.

ONE of the most notable of the Valley's guests will be Mrs. Joseph Perkins of Eastland, Texas, who is president of the Texas Federation of Women's Clubs.

Mrs. Perkins will spend three days in the Valley the latter part of October and will be guest speaker at the semi-annual convention of the Valley Federation of Women's Clubs which will assemble in Rio Grande City.

Mrs. J. T. Vance, Refugio, president of Fifth District, also will be a guest for the convention.

AMONG the Texans in Europe when the war broke out was Mrs. C. T. Gray, Austin, who is known to many friends in the Valley.

Mrs. Gray, who visited here last spring when Dr. Gray lectured on old glassware, has written to Valley friends from Copenhagen that she would sail soon on her return home.

Outbreak of maps on the office walls is just one of the varied changes chaos in Europe is causing in the news editorial room.

## Mrs. L. A. Wilson Is Named President Of Gleaners Class

HARLINGEN—Mrs. L. A. Wilson was named president of the Gleaners Class of the First Baptist church at a meeting Thursday afternoon at the home of Mrs. Sophia Larson. The devotional on personal consecration was brought by Miss Lily Stroud.

Report of the nominating committee, which was adopted, placed Mrs. L. A. Wilson in the president's chair to succeed Mrs. L. C. White; Mrs. G. A. Carter as treasurer succeeding Mrs. H. C. Shirley; and Mrs. Sophia Larson, first vice-president succeeding Mrs. L. A. Wilson.

A tempting refreshment plate was served. Guests included Mrs. E. C. Breedlove, Mrs. B. F. Witherspoon, and Miss Lily Stroud. Members were Mesdames J. A. Wilson, A. E. Shelton, G. A. Carter, W. L. Spradling, H. C. Shirley, Ewing Clark, Ruby Whitworth, L. A. Wilson, and Mae McIntosh.

## Heads Pharr Garden Club

Kerr Studio

Mrs. Ashley Cawthon, new president, presided at the first meeting of the Pharr Garden Club for the new year Thursday morning at the Kiwanis Building. Advancement of the Valley's Bougainvillea Trail project was designated as one of the major projects for the year. Mrs. Cawthon is an active member of the Rio Grande Valley Nature Club which has members throughout the Valley.

## Pharr Garden Club Holds Initial Session; Plan to Sponsor Three Projects for Winter

PHARR—Initial meeting for the year of the Pharr Garden Club was held Thursday morning in the library rooms of the Kiwanis Club building, with Mrs. Ashley Cawthon, new president, presiding for the first time. A large membership was in attendance.

Tasteful decorations of bougainvillea and esperanza were used effectively throughout the rooms. The flowers are the acknowledged blooms of the city of Pharr.

Three major projects for the new year, were adopted as follows: continued work on the Bougainvillea Trail; planting of the city's flower, the esperanza shrub, which was chosen by the club members, and sponsorship of lighting in the downtown business district during the Christmas holidays.

Plans were also made for a benefit games party to be held on the afternoon and evening of October 12th, at the Kiwanis reception rooms.

Next meeting of the club, will be in the form of a coffee, the home of Mrs. H. L. Murphy, honoring new club members and officials and also Mrs. W. W. Holmes, president of the Valley Garden Clubs Council.

Pharr Garden club officials and various committee chairmen for the year are as follows: president, Mrs. Ashley Cawthon; vice president, Mrs. E. M. Whitaker; secretary, Mrs. E. E. Van Zant; treasurer, Mrs. Fred Ruecking; historian and librarian, Mrs. Gerald Harbert; parliamentarian, Mrs. John W. Zipp.

## Heads Junior Fine Arts Club

Mrs. Gabe Allred, president of the Junior Fine Arts Club of Harlingen, anticipates another year of club growth with the re-commencement of group activity. A large number of members were added to the roster the past year. The club is sponsored by the Fine Arts Club.

## Sisters Return To Valley

BROWNSVILLE — Mrs. Mary Lightner and young son, Earl Sams Lightner, and her sister, Mrs. Dean Porter, and two daughters, Patricia Ann, and Dorothy Dean, returned Wednesday morning from a several months stay in New Hampshire and New York. While away they were guests of their parents, Mr. and Mrs. E. C. Sams at the latter's summer home at Mirror Lake, New Hampshire for two months.

Mrs. J. B. Atchison returned to her home here Saturday after spending a few days in Corpus Christi.

Mrs. Harvey E. Nuckols will return the first part of the week from San Antonio where she has spent the past week.

Guests in the home of Mr. and Mrs. Ernest Boye, Mr. and Mrs. August Boye and Mr. and Mrs. Guy Slater, all four of Youngstown, Ohio, plan to return to their homes the first part of the week.

Mr. and Mrs. J. M. George left Wednesday for Burbank, Oklahoma where they plan to spend several weeks looking after property there.

Mr. and Mrs. J. Fred DeBardelen and two children have returned to their home in Houston after a visit here with Mr. DeBardelen's parents, Mr. and Mrs. Chester H. DeBardelen.

Miss Frances Lawrence, daughter of Dr. and Mrs. O. V. Lawrence, departed Saturday evening for Denton where she will enter Texas State College for Women as a junior.

Jack Goolsby, son of Mr. and Mrs. J. A. Goolsby, leaves this morning for Austin where he will enter the University of Texas. He plans to take a course in business administration and will enter the University as a sophomore.

W. T. Jennings left Friday morning for points in Louisiana, Alabama and Mississippi. He plans to be away about two weeks.

Mr. and Mrs. Paul Ellington left Saturday morning by motor for a vacation trip of a week. They plan to visit in San Antonio, Houston and Kerrville while away.

## New Make-Up Courses Aid College Girls

By BETTY CLARKE

AP Feature Service Writer Make-up is very important to the modern college girl. So important, in fact, that many colleges now give courses in make-up. To be sure, most girls have used cosmetics before they enter college. But they always are anxious to learn special tricks in attractiveness, especially for parties.

Among the best party make-up hints I've picked up are these:

Paste rouge lasts longer and can be blended better than cake rouge. To be sure, most girls have used cosmetics before they enter college. But they always are anxious to learn special tricks in attractiveness, especially for parties. Among the best party make-up hints I've picked up are these: Paste rouge lasts longer and can be blended better than cake rouge. To be sure, most girls have used cosmetics before they enter college. But they always are anxious to learn special tricks in attractiveness, especially for parties.

Paste rouge will give your lips a softer look than most lipsticks do, too, although it usually comes off much more readily. So if you're going some place where you can't do re-touching, you'd better stick to lipstick.

A complexion brush is very effective in smoothing on face powder. I didn't believe that until I got the knack of using a brush. I worked out this routine:

First, dip a piece of clean cotton or a very soft puff into your powder jar and pat it all over your face. Take your complexion brush and stroke upward first, covering your forehead, cheeks, chin and neck—back and front. Then stroke downward over the same areas. You'll soon swear by your brush—if it's properly soft. (Just any old brush won't do.)

The biggest error in make-up is to produce a too-too-beauty-parlor look. Don't be afraid to comb your hair thoroughly after you've had it set. That will relieve you of the stiff look you usually acquire sitting under dryers.

Don't be afraid to move around, either. One smart young stylist I know in New York makes it a practice to do a couple of her setting-up exercises just before she puts on her evening dress. She applies her make-up, does the exercises, does the dress, then gives a few finishing touches to the make-up. I've never seen her look dead-pale.

The same young woman makes it a habit to look into two mirrors for the final once-over. The first is a large mirror in her bathroom—which happens to be awfully well-lighted and none too flattering. The second is a full-length mirror in her bedroom—which is lighted very, very softly.

Special to redheads: There's a new mascara for red eyelashes. It's much lighter than those browns everybody sells redheads.

## Church Federation To Meet Friday At First Baptist Church

BROWNSVILLE — Members of the Brownsville Federation of Church Societies will gather at the First Baptist church Friday afternoon at 3:30 o'clock.

The program for the afternoon will be in charge of Mrs. Chester H. DeBardelen.

## TO ENTER COLLEGE

LA FERIA—Mr. and Mrs. G. C. Robinson and G. C. Jr. left Thursday for Waco where the latter will enter Baylor University as a freshman.

## Mothers Club Holds Initial Meet of Year

Mrs. L. M. Gallion

WESLACO—Mrs. L. M. Gallion, president of the Mothers Club of Stephen F. Austin school, presided in the first meeting of the year Wednesday afternoon. Potted plants formed a pretty background for the meeting marked by attendance of 85.

Mrs. L. R. Clifford was appointed as chairman of finance and the suggestion was made that each family give a dollar toward the financing, in order to eliminate the various money making entertainments and sales.

C. B. Cooper, superintendent of schools, enumerated as objectives which he would like to have accomplished during the year: water cooling system, a cyclorama, playground equipment, and fans.

Mrs. H. H. Hal submitted balanced meal menus for the cafeteria which proved most acceptable to parents and teachers. Plate lunches to be served assure a balanced menu for the child at a reasonable price.

The second Wednesday afternoon in the month is scheduled as each meeting day of the Mothers club held in the Stephen F. Austin Auditorium. Mothers and others interested in children of grammar school ages are asked to join.

## Initiation Ceremony Observed By O. E. S. At Regular Meet

HARLINGEN — Initiation was carried out at the regular meeting of Harlingen O. E. S. chapter 641, Order of the Eastern Star, Thursday in the Masonic Hall. Mrs. Berta Paine, worthy matron, presided when Miss Mary Elizabeth Allen of Wilson Tract was initiated in effective ceremonies featured by vocal music by Mrs. E. C. Bennett and Mrs. Gaylord Kennedy. The initiate was presented with a white Bible by Mrs. Oscar T. Istos, conductor.

Members of the Edinburg chapter were guests for the meeting and the social period in the chapter room which, was especially attractive with arrangements of corona and roses. Decorations were by Mrs. Russell Perry and Mrs. J. G. Konakowsky.

Hostess for the prettily appointed refreshment course were Mrs. J. C. Fairbairn and Mrs. Jean Cavett.

## Budget Planned By BPW

BROWNSVILLE — Board of directors of the Business and Professional Women's club met Friday evening in the home of the president, Mrs. Wilma Ogan to work out a budget for the club year.

Budget for the district conference was worked out at this time also.

Some of the regular club expenses for the year include: magazine subscriptions for the public library and the public school library; dues for an associate membership in the international Federation of Business and Professional Women; prize for the high school girl making the best grades in business department in the school; Chamber of Commerce membership; stipulated amount for convention expenses; expense for car to take president and delegates to conventions.

Attending the session were Misses Julia O'Brien, Effie Ingram, Mary Whiting, Bertha Leonard, Madamess Hess Schreiber, Kathryn Hamilton, Kate Lupton, Fray Maclean and Glenn Dennis.

## Ex-Valleyite

(Continued from Page One)

Baby's breath combined with pink rosebuds decorated the refreshment table which was laid with a Normandy cloth.

Mrs. Mickey Beale of Big Spring presided at the three-tiered wedding cake and Mrs. Gene Reischman poured coffee.

After the reception, Mr. and Mrs. Parker left on a short trip to Mexico and New Mexico. The bride traveled in a pigeon blue wool dress, made with pleated skirt, fitted bodice, box shoulders, and low draped neckline. Buttons marched from neck to hem. Accessories were brown.

Mrs. Parker attended North Texas State Teachers College at Denton, where she was a member of Kappa Kappa Gamma and Mary Arden honorary society. She has lived in Midland a little more than a year.

Mr. Parker, son of Mr. and Mrs. J. L. Parker of Olmito, is a graduate of the University of Texas. He was a member of Sigma Gamma Epsilon, honorary geological fraternity, and also of the Southwestern Geological Society at Austin. He is employed as geologist for the Texas Pacific Coal and Oil Company at Abilene, being transferred there from Midland a few months ago.

The couple will be at home after the wedding trip at 1433 Hickory Street, Abilene.

A number of out-of-town guests were present for the wedding, including the bridegroom's parents, Mr. and Mrs. J. L. Parker, and two brothers, Al and Mitchell Parker, all of Olmito.

Audrey's guests included Mary Jack Dillon, Lou Ann Langford, Patsy Terry, Ernestine Poteet, Mary Nell Borman, Mary Ann DeCell, Berenice Kay Henson, Buster Lewis, Darrell Swearingin, Scott Hickman, Donnie Hawkins, Billy Wright, Clarence Newton Campbell. Visiting with Mrs. George were Mrs. Fred Bernard, Mrs. Roger Terry, Mrs. Henson, Mrs. A. W. Lewis, Mrs. Floyd Langford, Mrs. E. H. Poteet, Mrs. L. T. Hawkins, Miss Maile Masheter and Mrs. Campbell.

## Salad Worn To Decorate Party Hairdo

BY BETTY CLARKE  
AP Feature Service Writer

There's lots of news in hair ornaments this season. And lots of news in how they are worn.

Take that little matter of tuck combs. Tuck combs were originally designed merely to keep the hair in place. Ingenious women, however began adorning them with all sorts of things. Presto! The tuck comb passed from a purely utilitarian item to an ornament.

One smart young woman, sheathed lima and kidney beans and seed corn, and sewed them to a band of hemp which she in turn sewed to the top of the comb. Another punctured tiny sea shells and fastened them to a piece of white binding tape which she tied around her head to keep the wind from blowing her coiffure every which way.

A third made a little ruffle of old lace and added a bow and streamer of black velvet ribbon and then placed the fan-like ornament so the ribbon fell behind her right ear.

Fresh flowers, too, have been wired to combs of various sizes and shapes and used in other coiffure ornaments.

A coronet of fresh red roses was a stunning accessory worn by a willow brunette whose gown was of very dull rose watered silk.

A row of small purple asters attached to a tortoise shell barrette held several Southern belle curls together at the base of a petite blonde debutante's neck.

Even summer brides have taken to wearing their flowers in their hair instead of carrying them. A coronet of fresh lilies-of-the-valley held one bride's tulle veil in place. Her only other flowers were a few additional lilies-of-the-valley on the streamers of her white satin prayer-book.

## Class In Weslaco Names New Officers

## Home Rites In Edinburg Impressive

EDINBURG—Of interest to many friends in the Valley was the wedding of Miss Leona Evelyn Woodfin, daughter of Mr. and Mrs. L. A. Woodfin, to Sterling Reed Cowan, son of Mr. and Mrs. W. H. Cowan, which took place at nine o'clock Wednesday evening. The ceremony took place at the attractive home of Mr. and Mrs. Stanley Cowan in Edinburg, with Rev. J. W. Allbritton, pastor of the First Methodist church, officiating. Only the families of the bride and groom and intimate friends were present.

Simplicity marked the decoration in the reception rooms. Crystal vases filled with pink sweetheart roses were placed on low tables and floor baskets filled with white gladioli completed the setting.

The bride wore a becoming powder blue lace dress of street length with japonica accessories. Her shoulder corsage was of pink sweetheart roses. Her only attendant, Mrs. J. L. Speer, was gowned in a teal blue crepe with wine accessories and wore a shoulder corsage of red roses.

The groom was attended by J. L. Speer.

The popular couple will make their home in Edinburg.

Guests attending were Mr. and Mrs. W. H. Cowan, parents of the groom; Mr. and Mrs. Frank Mylnar, uncle and aunt of the bride; Mr. and Mrs. Stanley Cowan, brother and sister-in-law of the groom; Mr. and Mrs. Ray Barnes, Mr. and Mrs. J. L. Speer, Betty, Richard and Mary Frances Mylnar, and Billy Wayne Cowan.

## Something Old, Something New, But Modern Brides Choose Sparkle, Charm, in Headdress

By MARIAN YOUNG  
NEA Service Staff Correspondent

Headdresses catch and hold the attention of fall brides shopping in trousseau departments these days. Designers, both American and French, have outdone themselves to make what the bride wears atop her shining head an important, becoming part of her wedding outfit instead of a mere wisp of something to which the veil is attached.

There are caps of lace for the fragile, demure bride, stunning, turban-like affairs to be wound around the head of the more sophisticated-looking bride and a wide variety of lacy types that strike a happy medium between sophistication and sweetness.

Jewelry, too, has assumed new importance. Aside from the diamond engagement ring which is worn during the ceremony, of course, fashionable brides are taking heirloom pieces out of the vaults and having them used in head-dresses and on necklines. One of the smartest brides of the season will wear a spray of heirloom diamonds, tiara fashion, in her headdress of old lace.

Wedding gowns themselves are breathtaking. There are hoop-skirted models in charming creation. One is of white chevron taffeta with a sweetheart neckline, three-quarter sleeves, a molded waistline and a romantic hoop skirt. The flowing veil is attached to a lace cape, and a dainty circle of diamonds with an orange blossom sparkles on the neckline.

## Club Meets Monday

LA FERIA—The Home Demonstration Club will meet Monday, Sept. 18 at the American Legion Hall with Mrs. Ray Foncannon and Mrs. James Simandl as hostesses.

## VISITS IN WESLACO

LA FERIA—Mrs. G. R. Jordan is visiting Mr. and Mrs. Clifford Scott in Weslaco.

A shining example of the figure-molding, more sophisticated type of wedding gown is the model of chalk-white crepe, shirred at the waistline to form the new corset line. It has long sleeves which end in points over hands. The nun's cap head-dress of matching crepe has a diamond rose spray caught at the top. The veil is draped over the cap.

## Reception Draws Throng

PHARR—A reception, honoring A. O. Lively, new band director of the Pharr-San Juan-Alamo High School band, and Mrs. Lively, was given Thursday night in the band rooms on the high school campus. Members of the Band Mothers Club were hostesses for the gala affair. In keeping with the band's colors, a blue and white theme was carried out in the decorations, with bouquets of roses adding an effective note.

The refreshment board was attractively laid with lace, and centered with a large crystal punch bowl, surrounded by a spray of roses and fern. Tall blue tapers in white holders completed the decoration. Presiding at the service was Mrs. G. B. Fleming, president of the Band Mothers. She was assisted by the three vice presidents who are Mrs. Roy Barnes, Mrs. Sugler and Mrs. Marvin Kautche.

A program included vocal solos by Miss Daisy Ellen Polk, accordion duets by Marian Cramer and Virginia Mae Maddux; piano solo by Mrs. Willine Cox and a flute solo by Mr. Lively.

Approximately three hundred enjoyed the affair.

## School Aids Planned By Jardin PTA

BROWNSVILLE—El Jardin school will be equipped with new window shades and artificial lighting in classrooms if plans adopted at the first regular meeting of the Parent-Teachers association Friday are carried out. It has been announced.

The organization voted to sponsor these projects during the current year. Mrs. John Whitlow, president, stated. Mrs. Lee Martin is chairman of the finance committee.

Six new officers elected at the meeting included the following committee heads: Miss Edna Goad, publications; Mrs. Ida Hall, motion pictures; Mrs. J. F. McClintock, narcotics study; Mrs. W. H. Keller, child health; Miss Virginia Simmons, art; Mrs. Ed. Hockaday, Founders' Day; Miss Mildred Floyd was also elected historian.

Fifty members will be sought by a committee composed of Mrs. C. L. Hunter, chairman; Mrs. Rea Asher, Mrs. J. B. Lawrence.

The organization elected to have two visiting days at the school this year—one in the fall and one next spring, and also elected to meet at 3 p. m. on the second Thursday of each month.

A balance of \$121.85 was reported for the organization by Mrs. C. D. Loop, treasurer.

Mrs. Hall, who gave a talk on the "Future of American Farm Youth," declared that no country can be sustained without a strong rural population. She brought out the need for strong leadership in rural areas.

"A major problem for schools," she stated, "is to aid our farming people, since they comprise almost one-fourth of our total population and yet farmers have extremely low incomes."

Others attending the meeting included Misses Edith Harrison, Era Harris, Katherine Stephens, Mildred Hanna, Mozelle Powell; Messrs. C. D. Loop, G. H. Loop, T. N. Taylor, James Oastor, Ray Ostrander, Harry Driver, W. W. Underwood; G. F. Wilson, R. Bruce Underwood.

## Last Meeting Held By McAllen Circle At Member's Home

## Reports Received By Board

**HARLINGEN**—Report of extensive improvements to the building and grounds at the Valley Y. W. C. A. camp at Rio Hondo was made at the semi-annual meeting of the board Wednesday at the home of Mrs. L. U. Caul, 117 W. Lincoln. Harlingen members of the board served luncheon to the group at the noon hour.

Mrs. Lee H. Kidder, Mercedes, president, was in charge of the business session. A general discussion of the purpose and scope of Girl Reserve work followed the reading of the constitution and by-laws of the Lower Rio Grande Valley Y. W. C. A.

Especially gratifying was the treasurer's report given by Mrs. E. G. Harris of Rio Hondo. She reported the sum of \$225 in the building fund account, the amount when added to be used to improve accommodations at the Y. W. C. A. Camp. Mrs. Harris also directed attention to the executive repairing and restoration work carried out at the camp during the summer. She said the improvement was made possible largely by the willingness and generosity of several Valley electrical and plumbing firms. The camp is now enclosed by a five-strand wire fence, she further stated, and the horse show ring has been enlarged.

Announcement was made that the swimming pool at the camp is still in operation, the closing date to be determined by the weather. Plans for the fall program for Girl Reserves were discussed, details to be worked out with the Interclub Council of Girl Reserves.

Board members present were Mesdames Lee H. Kidder, Eldon Smith, and O. J. Schaeffer, Mercedes; James D. Casey, Ralph T. Agar, and C. L. Jones, San Benito; Beatrice D. Frase and Walter G. Weaver, Donna; V. B. Ross, L. F. Milliken, and Frank Yoder, Weslaco; O. G. Harris, Rio Hondo; Geo. L. Gollaher, C. W. McKeehen, M. U. Caul, and Van R. Wiggins, Harlingen.

## Reception For Teachers Held In Sharyland

**SHARYLAND**—Faculty members of Sharyland schools were honored in a reception Thursday evening at the school in connection with the first fall meeting of the Sharyland Parent-Teacher Association. Ty Cobb was guest speaker. Musical selections were presented by the Rio Male Quartette, directed by Mrs. Jewell McConnell. More than one hundred attended the meeting.

## Los Fresnos Students Attend Jr. College

**LOS FRESNOS**—Los Fresnos students at the Brownsville junior college this year are Virginia Casey, La Vaughn and Leverage Mooreland, Doris Marie Pederson, Irene McDonald, Govie Waller and Robert Schaffer.

## Hidalgo County W. C. T. U. Holds Confab Session

**DONNA**—The Hidalgo County Convention of the Women's Christian Temperance Unions was held here Wednesday while plans were made for a large Upper Valley delegation to the district convention in Brownsville at the First Baptist church Sept. 27.

The women as a group adopted several resolutions unanimously to their constitution. The resolutions follow:

That W. C. T. U. workers shall ever uphold the banner for righteousness; that members write Texas State Network requesting Roger Campbell to include Frances E. Willard as one of his headline personalities; that the union exert influence to prohibit advertising of alcoholic beverages on the radio and in all publications and highway signs; and that the Hidalgo county unions shall not discontinue activities this year.

Representatives from the four unions in the county were present at the satisfactory meeting.

## Print Winners Announced At Camera Club

**BROWNSVILLE**—Winners of print of the month for May, June, July were announced at the regular meeting of El Charro Camera club Thursday evening at the A. Rogers studio.

The May print-of-the-month, an architectural study, was won by H. O. Brown. The June and July prints, character study and a vacation shot, were won by Glenn Dennis.

August and September prints have not been selected. The October print-of-the-month will be an industrial study, the November, agricultural. The next meeting will be a supper at the Glenn Dennis home Saturday, September 30 at 7 p. m. Attending the session were H. O. Brown, Mr. and Mrs. Glenn Dennis, Mr. and Mrs. W. T. Gooch of Mercedes, Harold S. Miller, A. Rogers and Leonard Trimble.

## Birthday of Member Noted At Affair

**PORT ISABEL**—The Port Isabel Girl Scout troop at their regular weekly meeting Tuesday at the home of their captain, Mrs. Ed Warren, celebrated the thirteenth birthday of one of their members, Peachy Wooten. Before the serving of refreshments several games were played.

Virginia Bledsoe and Roberta Oswald joined the troop as new members.

## Yellow Tones Chosen For Club Affair

**WESLACO**—A lovely courtesy for members of the Just We Neighbors club was given Thursday afternoon when Mrs. F. W. Edwards was hostess at her lovely home in the country. An effective color note of yellow was emphasized in the pretty arrangements of flowers with esperanza predominating.

Mrs. Nople Foster presided as president. Roll call was answered with current events and jokes. Conquests and conundrums and a questionnaire gave diversion. Two new members were welcomed, Mrs. Otis and Mrs. Roy Horne. Mrs. George Weber was a club guest. Delicious lime sherbet and cookies were served to 18. The next hostess is to be Mrs. George Morrison at Mercedes.

Mrs. J. B. Funk was hostess to the Dorcas class with Mrs. J. E. Lovett co-hostess at the Methodist parsonage Thursday afternoon. Mrs. A. A. Sneath presented a tribute to Frances Willard whose one hundredth anniversary is being celebrated throughout the world. Miss Wathleen Rigby gave a recitation. Light refreshments were served.

HARLINGEN

## College Students Leaving

**HARLINGEN**—Going away to college of Harlingen students this week overshadows in importance all other events, even the re-assembly of clubs after the summer vacation and the dedication of the new field house at the high school.

Betty Burdette probably will go as far as any of the local seekers after higher learning—at least from the standpoint of distance. She left Friday with her parents, Mr. and Mrs. G. I. Burdette, who will take her all the way to Atlanta, Ga. She will matriculate in Agnes Scott College in Atlanta as a music student. Betty holds a music scholarship at Agnes Scott awarded last spring.

Sunday Miss Jane Pink, daughter of Mr. and Mrs. E. G. Pink, leaves for Austin to begin special training for an appointment as educational director in the Episcopal diocese of Texas.

Barbara Ruth Green was following in Sister Jamie Lee's footsteps when she enrolled for her first year at Mary Hardin-Baylor at Belton. She is to be a music major. Jamie Lee has begun a teaching assignment in the San Benito schools. Both are daughters of Dr. and Mrs. J. M. Green.

The D. B. Meadows will have three sons off to school this fall. Ben and Lamar are to attend the University of Texas at Austin and Francis goes to Prescott, Ariz. to attend school and reside with another brother, B. E. Meadows.

Another brother team from Harlingen at the University of Texas will be Jack and Eugene Stack, sons of Mr. and Mrs. J. E. Stack. Jack Tebbe returns to Baylor University for his senior year and C. H. Hamilton Jr. will again be a student in the same institution.

Robert Hamilton, son of Mr. and Mrs. R. B. Hamilton, will trek back to Abilene and Hardin-Simmons College where he has gained widespread recognition for his part in the college band.

C. L. James, who cut a pretty wide swath for freshman at Mary Hardin-Baylor last year, being named Bluebonnet belle and taking other honors, will go back for more of the same. She is the daughter of Mrs. W. D. James and the field she is interested in is art.

Another Harlingen girl at Mary Hardin-Baylor will be Frances Witherspoon, well known for her leadership in Baptist young people's activities. She is the daughter of Mr. and Mrs. B. F. Witherspoon and has been in Belton for several days.

A transfer from Texas A. & I. College, Kingsville, will be Ella Mae Omeida, who will matriculate on the University of Texas campus this month.

Peggy Bush is another local girl who is at least starting to pattern her college career after Big Sister. She will be a frosh at the University of Texas where Mary Annise graduated last spring. Mary Annise, a Ch. Omeida, is in Austin now with Peggy and their mother, Mrs. W. E. Bush, taking part in Rush Week. She means to be at home this winter, helping her dad at the office work.

Janie Lee Joyner is in Austin for the opening of the University of Texas. She will be a transfer after her college career at Big Sister. She will be a frosh at the University of Texas where Mary Annise graduated last spring.

Verna Frizzell has departed for Brownwood where she will continue studies chosen to fit her for service as a mission worker.

Jeanne Wood, one of the glamor girls in 1938's notable class, spent the summer studying art at Baylor University, Waco. She has enrolled for the long session at Corpus Christi Junior College where her parents, Mr. and Mrs. John Wood, moved recently from Harlingen.

Hettie Sue Harrison, a last year's graduate, is also attending Corpus Christi College.

Wanda Peggell can claim credit for moving her parents' residence. The vivid red-head, a favorite both with her contemporaries and her seniors, will attend Brownsville Junior College and stay in Brownsville where her parents, Mr. and Mrs. J. B. Powell have taken temporary residence.

Brownsville Junior College can claim the majority of Harlingen's collegiate population with last year's class swelling the enrollment by nearly a score.

Among 1939 graduates already attending classes at Brownsville are Freddie Jackson, Robert Powell, Frances Huffman, Halladay King, Bob Briggs, Gertrude Pfenniger, Dora Beth Templeton, Bill Nance, Mary Jane Searey, Clinton Breedlove (otherwise Bud), Roderick Wofford, Delmer Fankhauser, and Evelyn Hall.

Other Harlingen students at Brownsville J. C. are Geraldine McKenna, Bernice Roy Sanders, Barbara Kimmell, Dan Clarke, Vernon Behner, W. A. Hext, James Downing, E. J. Ashcraft, James Thomas Foster, and Jackson Larson.

Two members of last year's class have already begun training for a career in nursing. They are Priscilla Cramerhaus and Mary Margaret Powers. Both are at Santa Rosa Hospital in Santa Rosa.

Gloria Coffee is preparing for business work by attending Draughon's in San Antonio. She is a graduate of last spring.

Another graduate, Gwendolyn Mauldin, has chosen Baylor University for her alma mater.

Ormond Jones is to be a student at Hardin Simmons in Abilene.

Among Harlingenites at the University of Texas this year will be Elizabeth Dunaway, Bobbie Sherman, Bruce Reeves, Paul Rankhauser, Billy Oler, and Brice Brown.

Roy Bowen will study at Schreiner in Kerrville where it is understood Wallace Driskill will continue his athletic career and studies.

William Brown is to attend Southwestern at Georgetown and Jack Darden, L. E. Kleiman, Buster Ramsey, Carl Ramert and

## Recreational Club Names New Officers

New officers were elected by the No Name club, a Harlingen group organized for purely recreational purposes, at a dinner meeting at the Reese-Wil-Mond Hotel Thursday night. They are pictured above,

## Mothers Club Begins Work For New Year

**HARLINGEN**—Mrs. Glenn Schuepbach, new president, presided for the first time as members of the Child Guidance Club resumed regular meetings Thursday after the summer recess. The meeting was at the home of Mrs. K. I. Dague and Mrs. Frank W. Dempsey was co-hostess.

Reports of committees were received. Of special interest was the report presented by Mrs. R. W. Frush regarding welfare work conducted by the group during the summer. It was decided to continue the project, which gives aid to children of pre-school age, during the coming year.

Invitation was received from the La Feria Club to a tea October 4 and an announcement was read from the McAllen Club outlining plans for the meeting of the Valley Child Study Council at Casa de Palmas Sept. 28 when a luncheon will be served.

Mrs. Joe Wood presented the study topic for the afternoon, giving a helpful talk on "The Threshold Years."

First of a series of monthly parties to honor children of members having birthdays will be given next Thursday from 4 to 5:30 p. m. when September's children will be honored at the home of Mrs. Harvey L. Richards.

Members at the Thursday meeting were Mesdames O. R. Flinn, Tate Taylor, Frank Dempsey, A. H. Goldammer, E. B. McClellan, Joe Wood, Glenn Schuepbach, E. O. Matz, K. I. Dague, R. W. Frush, R. Horton, Harvey L. Richards, and C. A. McCall.

The hostesses served pleasing refreshments.

**McAllenites Give Excellent Program At Mission Club**

**MCALLEN**—Members of the McAllen fire department and Mrs. Paul T. Vickers furnished the program for the meeting of the community Friendship club of the Alton school, north of Mission, Thursday night.

Sid McKeand, president, opened the meeting with Mrs. Tom Norman, secretary, calling the roll. Mrs. Charles Braskamp played the accompaniment for the community singing led by Mrs. Vickers. A short business session followed.

Roy Parsons, chief of the first aid division of the McAllen fire department, conducted a first aid drill. He was assisted by Harvey Hixon and Lee Stone and Alton school boys. Parsons and his assistants gave an actual demonstration of various methods of first aid used. Mrs. Vickers gave a group of readings. The program was in charge of Mrs. C. Houston.

**McAllen Altar Society Will Hold Social Meeting**

**MCALLEN**—The first social meeting of the year will be held by the Altar Society Wednesday at 2:30 p. m. at the Parish Hall.

Hostesses are Mrs. A. Reis, Mrs. P. M. Bonneau, Mrs. Bertha Kieck camp and Mrs. Boehmer. The public is invited to attend the party at which auction and contract bridge and Chinese checkers will be played.

Mac McClendon are to attend Texas A. & M. College.

Texas State College for Women will claim Eloise Allen, Pauline Raper, and Tacy Bowman.

Advanced college work will be carried out at Texas A. & I. Kingsville by Mary Ellen Osborn, Ava Sue Martin, and Lou Evelyn Brindley. Mary Elizabeth Allen of Wilson Tract will also attend Texas A. & I.

Ruth Townsend is to continue classes at Baylor University, Waco. Leslie Stuart has commenced work as a senior student at the University of Texas. Other youths at state university include Martin Vernon Atchison and Joe Sanders.

Robbie Rae Breedlove has just gone to Houston to take a business training course.

## Harlingen Pleasure Club Holds Banquet and Election; Sole Objective Is Good Time

**HARLINGEN**—New officers were elected Thursday evening when members of the No Name Club met in the Reese-Wil-Mond Hotel patio after a short business session in the hotel parlor. Alpha West was named president to succeed Mrs. Dorothy Freelan who has headed the club since its organization four months ago.

Other new officers are Miss Rosemary Kunkel, vice president; Mrs. Charlie Gerson, secretary-treasurer; and Mrs. Charles Gough, tail twister.

With just for fun as the club's

sole objective, the membership has shared in a variety of pleasurable events during the summer. Next Thursday they meet at the home of Mrs. West prior to motoring to McAllen for an evening of swimming and skating.

Pink roses were used for decoration of the banquet board Thursday night, an especially large cluster being arranged at the head of the T-shaped table where incoming and outgoing officers were seated. Nosegays of bachelors' buttons and fern marked places for 22 members.

## Brownsville Pair Wed In Simple Rites

**BROWNSVILLE**—Mr. and Mrs. Ross K. Henderson have announced the marriage of their only daughter, Miss Mary Elizabeth Henderson, to Harvey A. Rentz, son of J. C. Rentz of San Antonio.

The rites were read Thursday evening by Rev. R. Matthew Lynn, pastor of the First Presbyterian church with only members of the immediate family in attendance.

Mr. and Mrs. Rentz are at home to their friends at 13 St. Charles street.

—

**Class Hospitality Enjoyed In La Feria**

**LA FERIA**—The T.E.L. Class of the Baptist Church met Thursday afternoon at the educational building with Mrs. J. L. Cloud and Mrs. E. C. Wallace as hostesses. Flowers in fall shades were used effectively throughout the rooms.

Miss Dee Cloud, president, was in charge of the meeting when officers for the coming year were elected. They are Mrs. A. W. Amthor, president; Mrs. J. E. Robinson, first vice president; Mrs. W. A. Strickland, second vice president; Mrs. P. A. Coppin, third vice president; Mrs. E. C. Wallace, secretary; Mrs. Lucille Hamner, treasurer.

The hostesses served an ice course to Mesdames Lucille Hamner, P. A. Coppin, G. C. Todd, T. C. Hennessey, W. M. Tuma, M. E. Bramwell, J. E. Robinson, J. D. Russell, John H. Mitchell, N. A. Everett, L. R. Murphy, and Miss Cloud.

The discussion followed a brief business session. Attending were Mesdames Louis Rank, Charles H. Pinkley, Guy Sutter, Wilbur Dickenson, E. J. Wells, W. B. Mather and Guy Steele.

The next meeting will be held in two weeks at the home of Mrs. George Bowman.

**Mrs. Schmalzried Hostess For Bridge**

**MERCEDES**—Mrs. H. L. Schmalzried entertained the Crystal Bridge Club at her home Wednesday afternoon. Favored flowers lent a tinge of the autumn season in the room where contract was played. Mrs. F. R. George scored high in the games. A sweet course was served.

Others playing were Mesdames Harold T. J. Wland, Woody Tullis, C. J. LeBlanc, A. W. Lewis, Dewey Acker, W. R. Hoover and the hostess.

—

**Edinburg Students Leaving This Week**

**EDINBURG**—Mrs. Oliver B. Hauser and daughter, LeDora, left Friday for Austin where LeDora will enroll at the University of Texas. Mrs. Hauser will return to Edinburg.

Dick Tarpley is leaving Saturday for Austin to enroll at the University of Texas.

Lynndale Mills is leaving for College Station where he will enroll at Texas A. & M. He plans to study architectural engineering.

## Donna Affair For Teachers Notably Large

**DONNA**—The reception given by the Donna Parent Teacher Association to honor faculty members Thursday evening in the Donna Club Women's Building was the largest event of the sort ever given in the Donna community. The larger of the two reception rooms was decorated with pink roses, and here Mrs. A. W. Nations, president of the High School P.T.A., Mrs. E. A. Boyce, president of the Elementary P.T.A., Mrs. A. W. Welner, Mrs. C. L. Tracy, and Mrs. Ivan Jodd, all in formal evening dress, received.

In the other room Mrs. Andrew Champion and Mrs. Harold Vertrees presided over the punch table which was laid in lace and adorned with red roses. Rev. M. M. Moss, secretary of the Donna chamber of commerce, welcomed the teachers.

The quartet accompanied by Mrs. Jewell McConnell sang. They include Walter Bean, Arthur Anderson, Gordon Wickline, and Dale Mauldin. After little Marie Adame danced in China Poblana costume, Superintendent A. B. Sanders introduced the principals, Forest Groves, W. R. Jackson, H. N. Browning, who introduced the teachers in their respective schools. Mrs. E. K. Ewing was in charge of the program. Refreshments were served.

—

**Welfare Committee To Hold Donna Meet**

**DONNA**—The Child Welfare committee of the Donna High School P.T.A. will meet Monday, September 18, at one o'clock at the home of the chairman Mrs. Walter G. Weaver. Any mother interested in helping with the physical examinations which will be given during the week of September 25, is requested to contact one of the committee which includes: Mrs. Walter G. Weaver, Mrs. E. K. Ewing, Mrs. B. C. Yerger, Mrs. Paul Frenzel, Mrs. William Ontjes, or Mrs. R. B. Holmes.

# Hawaiian Islands' Military Defense For U.S. Is Explained

## PROSPERITY IS PREDICTED FOR OUTPOST

'America's Rhine' Rich With Assets

By ROGER W. BABSON  
HONOLULU.—With the big guns barking in Europe and Asia, Honolulu assumes an importance as a part of our military defenses which cannot be over-emphasized. The Hawaiian Islands are our "hidden assets" and our Rhine. With the U-boats again prowling the oceans, the United States will become the Number One shipping and carrying nation of the world. Now, even more than before, Honolulu becomes a tremendously valuable port as a great clearing and supply house for ocean shipping. Furthermore, the war means more tourists for Hawaii, better prices for her pineapples and sugar, and more spending on her fortifications.

I have traveled this old world East to West, but I have never seen such a beautiful spot as these Islands. I have often been asked: "Where would you live if dependent upon raising your own food, making your own clothing, and providing your own shelter?" Up to the present time I have answered: "I really do not know—I believe I would starve almost anywhere." Now, however, I can answer definitely and confidently that I would settle down in the Hawaiian Islands! I am not an expert on Bible history, but during the past few days I have been wondering if the Garden of Eden may not have been located out here.

**Small Farms Available**  
Not only have the islands a wonderful climate, beautiful scenery, and every natural advantage, but there is yet a large amount of fertile land suitable for small farms. Three weeks ago today, the Hawaiian Islands, which are now being developed by the government, are spending millions of dollars buying through a mountain in order to bring the farmers a little more water. Certainly, it would be much better to transfer these Colorado people to Hawaii. Moreover, I guarantee that they would be happier out here!

What is the history of this outpost of the United States? The islands were first discovered by Captain Cook in 1778. For the next century, their chief importance was a popular calling place for Yankee ships in the China trade. In 1890 the population was still only 90,000. It has gradually increased until today it is over 400,000. About one-third of the people are of Japanese, Chinese, and miscellaneous descent, about one-third are of Hawaiian descent, and about one-third are of American, British, and Northern European descent. I am told that about 70 per cent of the inhabitants are male. When I am next asked by women for advice as to where to go to get husbands, I will answer, "To Honolulu."

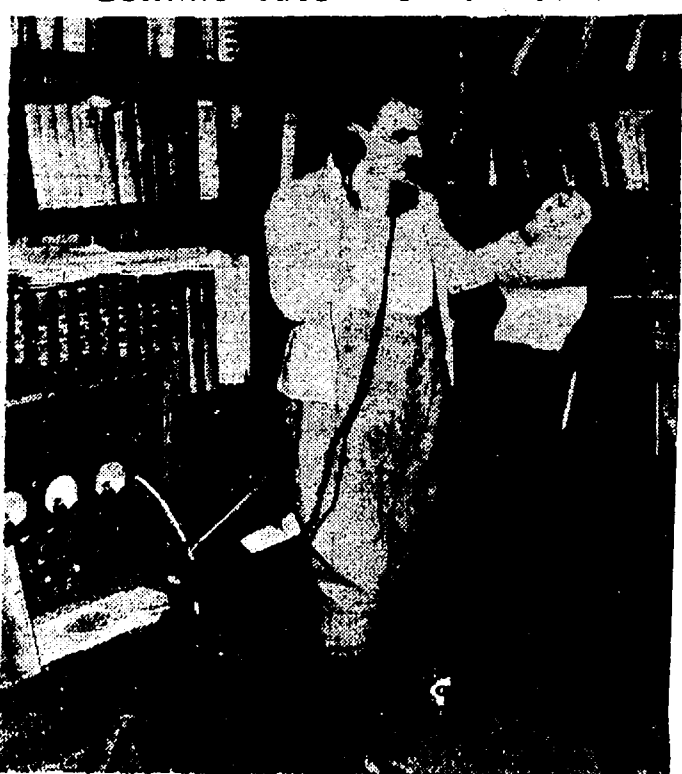

**Missionaries Worked**  
For some unexplainable reason the islands are not considered large families. The people seem to be successful in growing everything but children. Whether the character of the young people develops as well in this sunny and healthy climate (the temperature is said never to rise above 88 degrees nor drop below 56 degrees) as in cold and rocky New England, is a debatable question. Yet, Hawaii has excellent schools. The people of California sent their children to Honolulu to get a good education! The schools were founded by cultured and conscientious American missionaries, largely from New England. Sad to relate, however, too many of these missionaries were virtuous spinsters!

Unfortunately, the exploiter always follows the missionary. As the Bible was put on sale, they were accompanied by sales of whiskey. The natives—especially the rulers—were unable to withstand the temptation of liquor. After several attempts to set up a limited monarchy with a constitution and a legislature had failed, a final revolution took place in the "nineties." On July 4, 1894, the Republic of Hawaii was formed with Sanford B. Dole its first president. On July 7, 1898, the Republic of Hawaii was annexed to the United States. The islands are governed under an Act of Congress passed in 1900. They are now a territory and have one non-voting delegate in Congress.

**Economic Values Growing**  
You ask me why I stress so strongly the economic significance of this faraway part of the United States. It is true that the only large exports are sugar, pineapples, and various fruits. These latter are largely exported in cans. The islands, however, grow coffee, rice, bananas, figs, mangoes, nuts, and many other fruits. The total export value of Hawaiian products is about \$112,000,000. I was especially impressed with the cattle and sheep which I saw in the ranges. In addition, there are large available supplies of sandstone, sulphur, gypsum, salt, and other basic resources. Some day a great chemical industry may be located here.

The outlook for Hawaiian business for the next few months is good. While the cannon boom along the European Rhine, business will boom along the American Rhine. Hawaii's sugar crop has already skyrocketed in value. Her pineapple crop will sell higher. Tourists, turned back from Europe, will flock out here. Honolulu's harbor—the crossroads of the Pacific—will swarm with activity. Expenditures for defense will be stepped up. Remember, the biggest part of our fleet is in the Pacific and the Pearl Harbor naval base is one of the largest in the world. Washington has been wise in spending millions for the military

## Commentator To Be Heard

America's Number One news commentator, Boake Carter, is shown above in his work den in Philadelphia, Pa. Carter will be heard over radio station KRGV, Westaco, each Monday through Friday at 6 p. m., according to Ken Lowell Sibson, KRGV manager.

## LITTLE THEATRE SETS PROGRAM FOR SEASON

EDINBURG.—For the 1939-40 season the Little Theatre of the Lower Rio Grande Valley has planned a most complete program of entertainment. The group plans to produce eight major presentations of Broadway stage successes, give an evening each month of one-act plays and other entertainment numbers.

Opening the season on October 2 with "Mark Twain's Broadway Triumph," "Petitoe Fever," the plans are expecting to score a hit each month with Valley theatre lovers in their staging of some outstanding play. Each month the tenor of the presentations will be changed giving a wide variety of comedies, heavy dramas and an occasional musical to round out a full season of excellent entertainment.

Cast in "Petitoe Fever" are some of the group's outstanding stars of last season. Among them, Arlen Kamiah who portrayed the role of Karen Andre in "The Night of January 16th" so realistically that had the court trial been in real life her audience could not have waited more breathlessly on every word of her testimony than they did in her Valley presentation of Harry Pederson whose extraordinary interpretation of the role of Alan Squires in "Petitoe Forest" gained

## BANK BUILDING IS REMODELED

Space Is Enlarged, Modernized

HARLINGEN.—The \$15,000 remodeling job on the lobby, vault and offices of the First National Bank at Harlingen was completed last week, to make the bank one of the most modern in Texas, and enlarge its lobby space by more than 400 square feet.

Three additional teller cages were installed along the east side of the lobby, the bank removed and the partitions modernized with glass, and office space was moved to the rear of the ground floor behind doors. Executive desks were removed to the rear of the lobby, and directors room and vault were added to the rear of the building.

Other features of the improvement include a \$3,500 air-conditioning unit, \$4,500 in new fixtures. Nineteen employees, in addition to officers, carry on the business of the bank with the modern equipment which is part of the up-to-date institution.

W. H. Hall purchased controlling interest in the bank in 1932, and sold it in September, 1937. Hall, however, again became president in October, 1937, and remains at that post now. C. W. McKeen bought an interest in the bank in October, 1937, and E. C. Breedlove came from San Benito to become active vice president in September, 1937. Charles Lee came here in September, 1938, to become vice-president and cashier.

In pointing out the growth of the bank in the last ten years, Lee cited the total deposits increased from \$732,890.15 on December 31, 1928, to \$1,825,164.69 on December 31, 1938, and to \$1,951,926.22 on August 31, 1938. Deposits rose to \$806,867.35 in 1929; \$637,722.95 in 1930; \$503,718.13 in 1931; \$449,049.89 in 1932; \$616,937.88 in 1933; \$1,033,674.70 in 1934; \$1,015,621.01 in 1935; \$1,382,650.97 in 1936; and \$1,747,358.31 in 1937.

and naval defenses of the islands, but we must not stop here. Hawaii needs to be developed agriculturally by diversification of crops and products. Furthermore, the islands are as invaluable to us as protection from the Japanese as the Maginot Line is to France as protection from the Germans. Any of our elected representatives in Washington who fought against the annexation of this "American Rhine" may have been foxy politicians, but they surely were not farsighted statesmen. They were deserving not of honors—but impeachment!

## EXPERIMENTS ARE SLATED FOR VALLEY

Cotton Varieties Are To Be Studied

HARLINGEN.—A series of experiments are to be conducted on a Valley-wide basis to determine the best cotton varieties for this area. It was announced at a meeting of the Valley One Variety Cotton Improvement Association at the city hall here recently.

Five acres of cotton of each variety to be tested will be planted on each of the various soil types found in the Valley in order to get an accurate commercial scale test, it was decided.

The tests are to be made under supervision of the Valley experiment station at Weslaco over a period of years. Supt. W. H. Friend of the station was present at the meeting and gave results of varietal tests this past season. Results on the test plots and the commercial acreage at the station were given.

The number of one-variety cotton communities is reported increasing in the Valley but all are not decided as to which variety is the best. This led to the decision to co-operate with the experiment station with commercial sized test plots of cotton.

Several strains of Mississippi delta and of Acala cotton were chosen by Valley single variety communities. Delfos 531-B was chosen by the Weslaco and Mercedes communities and did not prove satisfactory, it was reported. It is a small boll variety which is hard to clean in the gin. Tendency of pickers is to snap the small bolls instead of picking the locks, complicating the cleaning of the staple. The experiment station, as a result of its commercial and test plantings, has been recommending Delfos 719, a large boll variety.

The Pharr-San Juan community chose Acala and reported a satisfactory season.

Second year of testing at the Valley experiment station corroborated the good showing made the first year by Stoneville, another Mississippi delta variety.

K. P. Garfield of San Juan is president of the one variety improvement association and Carl W. Vandervort of Edcouch, is secretary.

## Races Praised

Fort Worth Obtains National Event

BROWNSVILLE.—The national outdoor races at Eagle Mountain Lake, near Fort Worth, Saturday, Sunday and Monday, are expected to be Texas' greatest sporting spectacle according to R. W. Pitts, skipper of the Laguna Sailing Club.

There are to be 115 top-notch racers, who had previously competed in divisional meets, vying for national honors. The Fort Worth Junior Chamber of Commerce is sponsoring the races.

The races had originally been scheduled for San Francisco, but were withdrawn.

## STATE'S NEW HOT CHECK LAW GOES INTO EFFECT SOON; DEALS HARSHLY

McAlLEN.—Texas' new "hot check" law, with enough teeth in it to make violators suffer heavy penalty, goes into effect Wednesday. The law was passed during the past session of the legislature.

The purpose of the law is to make passing of all hot checks a felony in Texas, as it is in adjoining states. While the bill was pending in the senate, the objection was raised that it was too drastic, and a number of amendments were proposed. The amendments provide that any person violating any provision of the law shall be punished in the same manner as is provided for the punishment of theft, according to the amount of the check.

Covers All Payments  
According to the law, it will be

unlawful for any person with intent to defraud, to obtain any money, goods, service, labor or other thing of value or to pay for any of the above theretofore received or to secure or retain possession of any personal property to which a lien has been attached by drawing or giving a check, draft or order if the person does not have sufficient funds to cover the transaction.

Non-payment of a check by the bank on which it has been drawn, the law states, shall constitute prima facie evidence of intent to defraud. Simply the notice of protest shall be admissible as proof of presentation and non-payment.

Under section three of the law, the removal of personal property from the premises on which it was

located at the time the check, draft or order was drawn or given shall be prima facie evidence that possession of such property was retained or secured by giving or drawing the order for payment.

For the first conviction of a violation, if the check is five dollars or less, the punishment shall be imprisonment in the county jail for a period not exceeding two years or a fine not exceeding \$200. On checks over five dollars but less than \$50, the penalty will be imprisonment in the county jail for not more than two years or a fine of not more than \$500; for checks over \$50 the victim will be confined in the penitentiary for not less than two years nor more than 10. Penalties for a second and third and later offenses increase under the law.

**No Complaints Withdrawn**  
Once a complaint is filed, it cannot be withdrawn. Any person files with any district or county attorney in Texas a complaint alleging a violation and later suggests that the case be dismissed, he, under the law, shall be guilty of a misdemeanor and upon conviction shall be fined not less than \$100 or more than \$500.

At a committee hearing in connection with the bill, several members of the legislature pointed out that under the present law peace officers do not get the cooperation from merchants who are often too quick to drop their charges or refuse to prosecute if they are reimbursed for losses. In instances such as these the officers were left without the compensation to which they were entitled for having served the charges.

The Retail Merchants Association of Texas backed the new law, which has rendered such an improvement under the former law governing passage of hot checks in the state.

In McAllen, merchants who are members of the local bureau may obtain copies of the law from Mrs. Mary Combs.

## Schools Apportion Student Assistance

BROWNSVILLE.—Representatives of the school districts in Cameron county met at the courthouse in Brownsville Friday to apportion 132 National Youth Administration jobs among the schools.

The number of NYA jobs allowed Cameron county schools for the 1938-39 school year is doubled the number allotted last year.

Besides apportioning the NYA jobs, the group also cleared up about 300 over age and duplication challenges made by the state on the county's school census.

NYA jobs were apportioned among the schools as follows: Brownsville 27, Harlingen 20, San Benito 17, Rio Hondo 8, La Feria 7, Santa Maria 2, Santa Rosa 7, Stuart 7, Wilson 5, Fort Jacob 4, Olmito 2, Los Fresnos 5, Los Indios 1, El Jardin 4, Rangerville 2, Highland 2, Palm Grove 1, Landrum 3, Anacuitas 2, Villa Nueva 2, Nogales 1, Briggs-Coleman 2, and Hardin 1.

NYA jobs in 1938-39 were apportioned as follows: Brownsville 19, Harlingen 10, San Benito 13, Rio Hondo 4, La Feria 6, Santa Rosa 3, Stuart 2, Wilson 2, Port Isabel 2, Los Fresnos 3, and El Jardin 2.

Besides the 132 jobs apportioned among the schools, two NYA jobs were assigned to Harlingen's negro school, as compared to one last year. In Brownsville the NYA jobs will be further apportioned to provide for the parochial schools in the city.

Attending the meeting at the courthouse were representatives of each school district, as follows: Bruce Underwood of El Jardin, Carl Chilton of Port Isabel, E. D. Kraner of Los Fresnos, Jack Freshour of Rio Hondo, Powell Baker of Wilson, Rankin Robertson of Santa Rosa, J. B. Smith of La Feria, James Johnson of Santa Maria, E. D. Peek of Los Indios, Grady Sinclair of San Benito, E. C. Deering and Ira Belis of Harlingen, F. C. McEwan of Olmito, James Scalet of Highland, E. C. Dodd and John P. Maher of Brownsville and James Koonce of Stuart. County School Superintendent John F. Barron conducted the meeting, with Assistant Superintendent Ellis Perry.

Her husband, Bishop Arthur J. Moore, is in charge of missionary work of the Methodist church throughout the world, and Mrs. Moore has traveled extensively with him.

In addition to speaking on Europe, she will also discuss China, Korea and Japan.

Upon Mrs. Moore's departure from Europe, Bishop Moore left for Africa to supervise the work of Methodist missionaries in the Belgian Congo. He will sail from there for the Orient, and return to America in 1940.

Special music will be rendered by the Methodist choir here at both Sunday services. The public is invited.

## EUROPE TALKS TO BE GIVEN

Brownsville To Hear Bishop's Wife

BROWNSVILLE.—European conditions and impressions will be discussed at the First Methodist Church next week by Mrs. Arthur J. Moore, San Antonio, mother of the Rev. William Harry Moore, pastor here.

Mrs. Moore will speak at both services, Sunday and each day through Friday at 9:30 a. m. and 8 p. m.

She returned recently from an extended tour of Europe, having sailed for home only a short while before the European war was declared. During the services, she will give her impressions of conditions as she found them there.

Her husband, Bishop Arthur J. Moore, is in charge of missionary work of the Methodist church throughout the world, and Mrs. Moore has traveled extensively with him.

In addition to speaking on Europe, she will also discuss China, Korea and Japan.

Upon Mrs. Moore's departure from Europe, Bishop Moore left for Africa to supervise the work of Methodist missionaries in the Belgian Congo. He will sail from there for the Orient, and return to America in 1940.

## Students Elect

Edcouch-Elsa Classes Hold Ballots

EDCOUCH.—Students of Elsa Edcouch high school elected officers to serve for the coming year at a series of meetings held by all classes during the past week.

Elected were: Seniors, Bob Hughes, president; Collins Stoval, vice president; Corene Burke, secretary-treasurer, and Julia Hill, reporter. Juniors: Stanley Odum, president; Elwin Snyder, vice president; Mildred Smith, secretary; Elizabeth Graves, treasurer, and Aileen Wade, reporter.

Sophomores: James Van Burkleo, president; Gene Vitteio, vice president; J. R. Wade, secretary, and J. C. Stewart, treasurer. Freshmen: Glenn Farris, president; Virginia Van Burkleo, vice president; Billie Barker, secretary, and Lois Nattin, treasurer. Seventh grade: Melvin McDaniell, president; Bobby Jarrett, vice president; Jarvis Russell, treasurer; Bernelle Carlson, secretary, and Lee Newman, reporter.

## Mercedes Student Wins Art Honors

MERCEDES.—An oil painting by Mary Jane Reger, Mercedes high school student, entered in a nation-wide contest, has won a prize of \$10 in the art division of the American Youth Forum, national wide contest sponsored by the American Magazine.

The painting, 3 feet by 3 1/2 feet, shows the Statue of Liberty which stands at the end of a highway facing the people of her land. In her outstretched hand she holds the constitution, representative of democracy, and a book representing education, the rare opportunity and high ideals which America offers. The prize placed Mary Jane in the fourth division of winners.

THEY say you can tell a woman's age by her eyes. And if that's true, the time to start keeping your daughter's eyes looking young is when she first starts to use them for close seeing. For if there's anything that's destructive to beauty, it's the crow's-feet and wrinkles that come from squinting in poor light.

Begin by giving your child a Better Sight lamp of her own—and make sure you keep the right size bulb in it—100 or 150 watts for a table model, 150 watts for a floor lamp. If you begin now, you can teach her habits of reading and studying that will keep her eyes looking young for the rest of her life! Good light was never so cheap!

FRIDAY, SATURDAY: George O'Brien in "The Fighting Gringo" with Dick Lane.

### LEW AYRES IN ROMANTIC HIT

LEW AYRES and Lana Turner are co-starred in the screen's new romantic drama "These Glamour Girls," scheduled for current showing Sunday and Monday at the Capitol Theatre, in Brownsville.

A comedy-drama of college life "These Glamour Girls" tells of a dime-a-dance girl who is invited to attend the weekend parties of an exclusive college and who innocently accepts only to come to face with the united front of Park Avenue glamour girls who resent her presence and who declare war on her when she unexpectedly takes the spotlight away from them.

Featured supporting roles in the picture are filled by Ann Rutherford, Tom Brown, Jane Bryan, Anita Louise and Richard Carlson.

### LOUIS HAYWARD PLAYS DUAL ROLE

IN THE picturization of Alexander Dumas' novel "The Man in the Iron Mask," Louis Hayward plays the dual role of Louis XIV of France and his twin brother, Philippe, supported by Joan Bennett, Warren William and Joseph Schildkraut.

Hayward's differentiation between the twin portrayals which served James K. Hackett and other great American actors of the stage so successfully is a demonstration of his acting ability. The story tells of the imprisonment of Philippe in the Bastille, with an iron mask clamped over his head. His rescue by musketeers, his marriage to Maria Teresa of Spain, and his succession of Louis as king.

### 'THE STAR MAKER' IS MUSICAL HIT

BING CROSBY's romantic musical "The Star Maker," features a melodious host of grand old songs, known to oldsters and youngsters alike because they have become increasingly popular through the years.

The old songs are the work of Gus Edwards, the famous showman whose amazing career suggested the story of the picture. Bing sings such tuneful Edwards' numbers as "School Days," "In My Merry Oldsmobile," "Look Out for Jimmy Valentine," "If I Was a Millionaire," "I Can't Tell Why I Love You But I Do," "I Wonder Who's Kissing Her Now," "Tommahany" and many others. In several of the numbers, he is accompanied by outstanding groups of child singers.

The new songs which Bing will sing in the picture are "Still the Bluebird Sings," "An Apple for the Teacher," "Go Fly a Kite" and "A Man and His Dreams," they already rank in the hit class. The cast of the picture also includes Louise Campbell, Ned Sparks, Laura Hope Crews, and Janet Waldo.

"The Star Maker" is scheduled for current showing Sunday and Monday at the Rivoli Theatre in San Benito; Tuesday and Wednesday at the Ritz Theatre in Weslaco and at the Capitol Theatre in Brownsville, Thursday, Friday and Saturday.

## Casts And Forecasts

By JACK KING

WILLIAM HOLDEN, selected in a nation-wide talent search to play the title role in the screen presentation of Clifford Odets' stage triumph "Golden Boy," is hailed by critics as a definite screen find.

Cast as the young man who plays the crossed-up violinist turned pugilist, Holden comes through with an excellent performance. Barbara Stanwyck as the girl in the boy's life and Adolphe Menjou as the man in her's are among their all-time best.

AS THE TITLE so aptly indicates, the screen's new romantic drama "The Angels Wash Their Faces," presents the "Dead End" Kids in the somewhat unfamiliar guise as law-abiding citizens.

Ann Sheridan heads the adult contingent of players which also includes Ronald Reagan, Eduardo Cianelli and Henry O'Neill, and in addition to the Dead Enders, the juvenile cast of players also includes Frankie Thomas, Bonita Granville and Jackie Searl.

WALLACE BEERY's latest starring picture "Thunder Afloat," scheduled for early release, presents a spirited and thrilling story of Uncle Sam's minute men of the sea.

Beery, cast as an irascible down east tugboat captain, is supported by a cast of screen favorites including Chester Morris, Virginia Grey and Regis Toomey.

THE FORTHCOMING screen presentation of Louis Bromfield's sensational novel "The Rains Came" will co-star Tyrone Power, Myrna Loy and George Brent.

## 'BEAU GESTE' IS SCHEDULED

Three Stars Share Leading Roles

Gary Cooper, Ray Milland and Robert Preston share co-starring honors in the new picturization of P. C. Wren's famed novel of adventure in the French Foreign Legion "Beau Geste," scheduled for showing Thursday, Friday and Saturday at the Arcadia Theatre in Harlingen.

With Cooper, Milland and Preston cast as the three "Geste" brothers—"Beau," "John" and "Digby," the picture tells how they gallantly join the French Foreign Legion to avert having the finger of suspicion point at any of them as guilty of the theft of a valuable sapphire, the "Blue Water," from their guardian. In the legion, there is desperate conflict between the brothers and a mad, brutal sergeant, "Markoff," played by Brian Donlevy, who, suspecting that one of the brothers has the gem in his possession, determines to get it for himself.

Lana Turner and Lew Ayres are romantic co-stars in "These Glamour Girls" currently featured Sunday and Monday at the Capitol Theatre in Brownsville.
